# PRODUCT AND PRICE GUIDES TO MEET YOUR NEEDS

Discover what's new about our catalogs

## ◀ SIGN SOLUTIONS START HERE

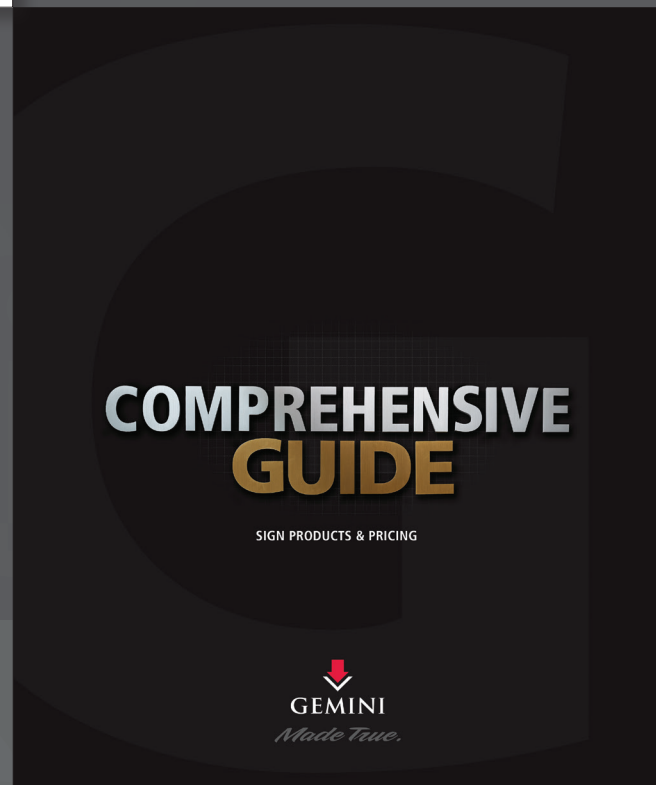

The Gemini ESSENTIALS Catalog you are holding (or viewing online) highlights the products and options that represent over 90% of what our customers order. Here's why that matters:

- Get to the products you use most frequently, faster
- Access the most specified products, used by thousands of your peers in the industry
- ALL products and options in the ESSENTIALS catalog will be included in our new TrueQuote portal (coming in 2022), so if it's in here, you can generate a quote online 24/7 that we stand behind 100%

## EXPLORE THE POSSIBILITIES ▶

Our full catalog selection is available online. So if you need something special, you'll find it in our digital catalog—Gemini's COMPREHENSIVE GUIDE to Sign Products and Pricing. It's where you can explore our complete offering, options and pricing, with dozens of additional pages and resources.

Find it in the Partner Portal at  
[GeminiSignage.com](https://www.geminisignage.com)

## A PROMISE TO OUR CUSTOMERS

Gemini is committed to supplying you with the world's highest quality dimensional letters, logos and plaques at fair prices, with the fastest delivery, all with a Lifetime Guarantee. If for any reason you have a problem with anything we make or do, we will make it right with you.

DEAR FELLOW SIGN, DESIGN AND RECOGNITION PROFESSIONALS,

LAST YEAR ENDED STRONG FOR THE SIGN INDUSTRY AND WE THANK ALL OF YOU FOR KEEPING OUR LIGHTS ON AT GEMINI DURING A DIFFICULT TIME. 2022 WILL BRING DIFFERENT CHALLENGES WITH SHORTAGES IN MATERIALS AND LABOR FURTHER IMPACTING OUR ECONOMY. IN THE US, WE ARE EXPERIENCING GREATER INFLATION THAN WE CAN RECALL IN OUR COMPANY'S HISTORY – AND I KNOW THAT YOU ARE SEEING MANY OF THE SAME PRESSURES IN YOUR BUSINESS.

TO COMBAT SOME OF THESE PRESSURES WE HAVE CONTINUED TO INNOVATE TO PROVIDE YOU WITH EVEN BETTER SERVICE AND QUALITY OF PRODUCTS. OVER THE NEXT YEAR, YOU CAN EXPECT US TO REGAIN EVEN FASTER LEAD TIMES ON BOTH QUOTES AND ORDERS THAN PRE-PANDEMIC; AND AT THE SAME TIME WE WILL BE ROLLING OUT ADVANCED DIGITAL TOOLS AND RESOURCES THAT MAKE IT EASIER THAN EVER FOR YOU TO EXPLORE, QUOTE, AND ORDER GEMINI PRODUCTS.

OUR COMPANY MISSION STATES THAT GEMINI WILL IDENTIFY WHAT MATTERS; AND TO BE THE MOST CONVENIENT SUPPLIER OF IDENTIFICATION PRODUCTS AVAILABLE. AFTER LISTENING TO YOUR FEEDBACK OVER THE PAST YEAR – WE'VE PUT PLANS IN PLACE TO SIMPLIFY AND STREAMLINE OUR PROCESSES. OUR CATALOG HAS GROWN FROM AN 8-PAGE FORMED LETTER FLYER IN 1963 TO THREE TITLES IN 2020 THAT TOTAL OVER 300 PAGES. THIS YEAR, WE HAVE RECOMBINED OUR MAIN TITLE CATALOG AND INCLUDED ONLY THE "ESSENTIALS" IN THIS PRICE GUIDE THAT CONTAINS THOSE OPTIONS WHICH COMPRISE WELL OVER 90% OF OUR VOLUME.

WE HAVE ALSO SIMPLIFIED SOME OF OUR PRICING TO HAVE FEWER "ADD" CHARGES FOR A MAJORITY OF OUR PRODUCTS. THIS PARED DOWN AND SIMPLIFIED VIEW OF GEMINI'S PRODUCTS WILL HELP YOU QUICKLY FIND THE BEST SOLUTION FOR THE VAST MAJORITY OF YOUR SIGNAGE APPLICATIONS. THAT BEING SAID, WE HAVE NOT CUT BACK ON OUR OFFERINGS – BUT SIMPLY HIGHLIGHTED THESE MOST COMMONLY-USED ELEMENTS IN PRINT TO WORK IN CONJUNCTION WITH AN UPDATED, COMPREHENSIVE DIGITAL QUOTING TOOL "TRUEQUOTE" AVAILABLE ON OUR DIGITAL PARTNER PORTAL. IF YOU ARE LOOKING FOR SOME OF THOSE UNIQUE SPECIALTY FINISHES, MOUNTINGS, OR OBSCURE SIGNAGE PRODUCTS – AN EXHAUSTIVE RESOURCE IS AVAILABLE ONLINE THAT INCLUDES HUNDREDS OF PAGES OF ADDITIONAL MATERIAL IN GEMINI'S COMPREHENSIVE GUIDE DIGITAL CATALOG THAT ROUNDS OUT OUR PRODUCT PORTFOLIO.

IF OUR PRINTED CATALOG OR DIGITAL RESOURCES STILL AREN'T GIVING YOU THE INFORMATION YOU NEED – WE'RE ALWAYS HERE TO HELP YOU THROUGH EMAIL, CHAT, OR ON THE PHONE.

THANK YOU FOR YOUR CONTINUED BUSINESS. FROM OUR FAMILY TO YOURS, WE ARE HONORED TO HAVE EARNED YOUR BUSINESS OVER THE YEARS, AND I HOPE WE'VE EARNED YOUR LOYALTY AS WELL. WE DON'T SELL DIRECT TO YOUR CUSTOMERS, SO YOUR SUCCESS IS OUR SUCCESS. WE LOOK FORWARD TO PARTNERING WITH YOU DURING THE YEAR AHEAD.

SINCERELY,

Frederick M. Oss, President

### **THIS IMPORTANT NOTICE TO PURCHASER APPLIES TO ALL GEMINI PRODUCTS**

The following warranty is in lieu of all warranties expressed or implied. Specifically, Seller and Manufacturer disclaims any warranty of merchant-ability or of fitness for a particular purpose and manufacturer/seller's only obligation shall be to replace such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use of or the inability to use the product. Before using, user shall determine the suitability of the product for his or her intended use and user assumes all risk and liability whatsoever in connection therewith. The foregoing may not be altered except by an agreement signed by officers of seller and manufacturer.

## OUR MISSION

WE PROTECT AND IDENTIFY WHAT MATTERS.

Gemini has the expertise and capacity to handle any project. We have plants located in Minnesota, Iowa, Nevada, Texas and Virginia in the United States; Ontario, Canada; and Reynosa, Mexico. With a collective footprint of over 800,000 square feet, we have the capability to handle any customer project that comes our way – large or small.

**Our Made True approach sets Gemini apart in the industry** – beyond expertise, ability and capacity. Made True is how we go about our business in providing you the finest dimensional letters, logos and plaques.

## OUR VALUES

GEMINI INCORPORATES OUR MADE TRUE VALUES INTO EVERYTHING WE DO, EVERY DAY.

**Customer Focus** – Convenient, hassle-free customer service with top quality and an industry-leading guarantee.

**Respect** – A culture of integrity and humility. Treating others as we wish to be treated ourselves.

**Honesty** – Be authentic, genuine and transparent in our interactions with each other and our customers.

**Curiosity** – Seeking continuous improvement through new and innovative solutions.

**Teamwork** – We all have a passion to win – but in the end we win or lose together.

**Stability** – Reliability for our customers and our people through growth and investment in people and equipment

**Stewardship** – Supporting our industry, our local communities and the environment.

**Diversity** – Building stronger teams and solutions by leveraging diverse perspectives, knowledge and culture.

**GEMINI LETTERS, LOGOS  
AND PLAQUES ARE  
GUARANTEED FOR LIFE**

**Gemini guarantees all of its exterior products for life.** This means that should any Gemini produced product fade, break or contain any defect, we will refinish or replace the defective materials at no cost to you, as long as they are installed on their original location.

All Gemini products are designed to last a lifetime. We test all our materials and finishes, refine our coating technology, and deliver a product that we know will last much longer than the life of any other product you may install. From experience in the field and from our test lab results, we know that our products will last in excess of 10 years without any noticeable degradation in appearance. And we know, from many installations around the world, that many of our products last longer than that.

Please note that our guarantee applies to defective material only, as described in our warranty statement.

# Made True.

"THE QUALITY IS ALWAYS THE BEST AND THEY'RE CONSTANTLY IMPROVING AND PERFECTING THE PRODUCT. GREAT CUSTOMER SERVICE TOO!"

– MICHELLE, GEMINI PARTNER SINCE 1990

## THIS IS WHAT WE'RE MADE OF **GEMINI**MADE.COM

To deliver an improved user experience and advance our Made True promise across our organization, we've launched our **GeminiMade.com** corporate website. This new site will be the hub for all of our diverse products and services. Signage customers will want to link to **GeminiSignage.com**, our new site featuring powerful digital tools and resources designed to help our partners grow their businesses. Watch for announcements about Gemini's new web experience, coming soon.

For over 50 years, Gemini has done business **INSPIRED** by singular focus. A company **DESIGNED** solely to serve in a supportive role behind the efforts of the signage industry. And dedicated to providing solutions that are **MADE TRUE** in an enduring commitment to your success as our partner.

At Gemini, we are wholesale-only partners to the signage, graphics and recognition industries. And always will be. We support your business with product guidance, a focus on solutions as well as project management services. We offer delivery in days of the industry's widest selection of made-to-order signage products, and bring your most aspirational design visions to life with unsurpassed in-house custom fabrication and manufacturing capabilities.

Gemini has invested in advanced technologies, capabilities and materials so you don't have to. We manufacture many of our own raw materials to help keep your costs low while controlling risks, shortages and shipping delays. They call this "vertical integration". We call it investing in our partnership. With Gemini behind your business, even small shops can successfully compete for large projects.

The resources of Gemini allow our partners the agility to manage their business in the smartest ways. With fair pricing and economy of scale, we deliver industry-leading margins to our partners without compromise.

And of course, Gemini's legendary quality is guaranteed. If anything is ever wrong, you need only one call to make it right. That's our promise.

"EVERY SINGLE THING THAT I HAVE ORDERED IS ALWAYS THE SAME AS THE OFFERED PRODUCT AND MY CUSTOMERS ARE ALWAYS SATISFIED."

– RAUL, GEMINI PARTNER SINCE 1999

## GEMINI IS MAKING YOUR SUCCESS EASIER IN 2022

WE LISTENED TO YOU AND STREAMLINED OUR PRODUCT AND PRICING PLATFORMS

**Gemini is committed to your success.** That's why, after listening to our customers, we're streamlining our pricing, ordering and catalog in 2022 to provide faster solutions, simplify pricing, and make quotes and orders easier.

### **NEW** Simplified product and pricing platforms.

Previously, our pricing started with a base cost for letters, logos, plaques and plates. Each specification and option selected added on an additional cost to calculate a total wholesale price. You told us you want to simplify the process, and we're responding. We're excited to announce that beginning with all products quoted on or after January 3, 2022, you'll experience easier ways to work with Gemini.

"GEMINI IS ONE OF OUR FAVORITE COMPANIES TO WORK WITH; THEY MAKE IT A PLEASANT WORRY-FREE PROCESS."

– STEVEN, GEMINI PARTNER SINCE 1998

**NEW** Every order now includes a standard product package of what you need for your project. Our simplified pricing now reflects the addition of this package of standard options and accessories, including:

- Your choice of Standard Finishes
- Custom Formula Matched Paint where requested
- The Standard Mounting Hardware you select
- A recommended Installation Pattern
- Power Supply & 10' Lead Wire Cables for Illuminated Products

**NEW** If it's in here, you can quote it instantly with **TrueQuote**. ALL products and options in the ESSENTIALS catalog will be included in our new TrueQuote portal update (coming in 2022), so if it's in here, you can generate a quote online 24/7 that we stand behind 100%.

# YOUR PARTNER PORTAL

"GEMINI HAS ALWAYS EXCEEDED MY EXPECTATIONS. QUALITY IS OUTSTANDING. CUSTOMER SERVICE IS OUTSTANDING. IT'S A GREAT PARTNERSHIP."

– BOB, GEMINI PARTNER SINCE 2009

The Gemini Partner Portal serves as a central hub for your projects. Our TrueQuote online engine lets you price projects in realtime. Compare materials and configure product variations to help realize your budget goals and desired margins. Order, track and manage your projects easily online and access marketing materials samples to help you win your next project.

Join the Partner Portal today at no cost to you. Go to GeminiSignage.com and scroll to the bottom to find; **Partner With Gemini**

Stay tuned in 2022 for further portal updates to best serve your business needs.

## DIGITAL TOOLS AND RESOURCES AVAILABLE AT YOUR GEMINI PARTNER PORTAL

### ONLINE PARTNER TOOLS & RESOURCES

## QUOTE

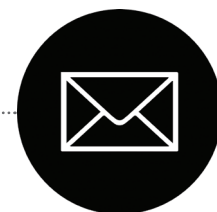

**TrueQuote**

**Price your project instantly online with TrueQuote** available on your Gemini Partner Portal; calculate your margin and have 100% confidence in your pricing

**Get the answers you need** from our Partner Portal resources, and from our service teams and product experts, available by phone, email or chat

See answers to Frequently Asked Questions on page 198 and on the Partner Portal

**Email your quote** and include artwork and specifications to [Signage@GeminiMade.com](mailto:Signage@GeminiMade.com)

## ORDER

**Place your order** using TrueQuote, or speak to our customer service team and place your order verbally

**Upload your vector artwork** through the TrueQuote tool or email your design files; learn more on page 201

**Email your order** and include artwork and specifications to [Signage@GeminiMade.com](mailto:Signage@GeminiMade.com)

**Simplify your payment** through our payment portal and get convenient terms with your approved credit

## FULFILL

**You can track the status of your order** through the production process on your Partner Portal

Large and/or complex orders receive art approval drawings

**Get low cost shipping** with Gemini's Guaranteed Ground Freight that offers predictable flat rates based on order value; see page 200 for rates and details

## SUPPORT

**Our commitment never ends.**

We stand behind everything we make with our lifetime guarantee against manufacturing defects and breakage

We keep a record of every order and can build replacements or modify your design if something needs to be changed

### BASIC SIGN PROJECT DESIGN AND BUILD CONSIDERATIONS CHECKLIST

- Environment: indoors or outdoors, UV exposure and weatherability as it relates to material choices
- Readability, visibility, placement, obstacles and traffic patterns as it relates to size and design parameters
- Local ordinances, federal codes and sign regulations, including ADA requirements
- Sign types, installation methods and challenges
- Engineering and technical requirements including site requirements
- Materials and sizes, including production requirements such as thickness, stroke width, availability and fabrication needs
- Aesthetics, font selection, logos, graphics and brand style guidelines
- Finishes and colors, natural finishes, paint, anodization, other visual effects and performance requirements
- Contrast and color interaction and relationship with surroundings
- Lighting sources, brightness and electrical requirements and codes
- Project budget and schedule

▲ The precision of laser cut metal captures the designer's hand-sketched feel to this detailed logo. Delicate strokes and fine serifs define the sophisticated lettering.

### FINE DETAIL

Intricate detail is a hallmark of Gemini metal letters and logos. From the accuracy of computer-guided cutting, to the refined elegance of our castings, to the exacting fit and finish of our hand-fabricated letters and logos, nobody works metal like Gemini.

## SOPHISTICATED. DURABLE. VERSATILE.

Gemini's handcrafted metal letters and logos offer impressive variety and customization options, combined with the strength and durability for any application, indoors or out. Choose from three versatile metal fabrication styles, in a variety of rich, durable materials offering dramatic depths, stylish finishes and virtually unlimited colors. You can achieve the sophisticated look and enduring performance you want, quickly and affordably.

### FLAT CUT METAL LETTERS & LOGOS

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
1/2"	95"	46 1/2" x 95"; larger sizes available as multi-piece	1/8, 1/4, 3/8, 1/2, 3/4 & 1" based on letter height & alloy	Indoor or Outdoor Use	Aluminum, brass, bronze, copper, stainless steel, or Cor-Ten® steel

### CAST METAL LETTERS & LOGOS

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
4"	64"	64" x 64"	Custom depths can be specified: 1/4" up to 3"	Indoor or Outdoor Use	Aluminum or bronze

### FABRICATED METAL LETTERS & LOGOS

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
2"	100"+	84" x 100"+	3/8" - 6" based on letter height & stroke	Indoor or Outdoor Use	Stainless steel or aluminum

## **PRECISION IN THE DETAILS**

For unsurpassed reproduction quality in your most intricate designs, our state-of-the-art lasers, CNC and water jets offer superior detail compared to router-cut alternatives used by others.

## CUT METAL

Aluminum, brass, bronze, stainless steel, Cor-Ten® or Copper

Six thicknesses and a variety of finishes

Letters and logos from 1/2 inch to 95 inches

Larger letters & logos available as multi-piece

Industry-leading lead times

### **COST-EFFECTIVE QUALITY**

Durable enough for outdoors, yet stylish enough for any boardroom, Gemini's flat cut metal is an excellent choice for a variety of signage projects. Flat cut metal letters and logos offer thinner strokes and have fewer design limitations than other product lines. We make your project easier with dozens of finishing options, take care of scrap recycling, provide a pattern and your choice of mounting hardware.

#### **WHEN ORDERING**

PLEASE SPECIFY:

### Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

## Aluminum Alloy 5052: Brushed Finishes

#4 brushed, Random Arc & Orbital are available in all anodized finishes as well as aluminum, stainless steel, brass, bronze and copper.

### Anodized Aluminum:

Anodized finishes are not just coatings... they are a part of the finished aluminum letter. Anodizing is an electrochemical process that hardens aluminum and allows it to be colored. We perform our own anodizing to ensure your letters within the same order have color consistency and are delivered to you within days. Some of the many reasons to have Gemini anodize your aluminum letters include: Abrasion and weather resistant; Beautiful finish; Increases hardness and durability; Will not crack or peel; Unaffected by sunlight / UV; Environmentally friendly; Cost effective. Note: Colors may vary slightly from order to order.

### Aluminum: Other Finishes

## Stainless Steel: Alloys 304 & 316 (1/8", 1/4", 3/8" & 1/2" Thick)

Brushed  
Alloy 304 & 316

Polished  
Alloy 304 & 316

Cor-Ten®  
1/8" & 1/4" Only

### STAINLESS STEEL FINISH NOTES:

**ALLOY 304:** The standard "18/8" stainless; it is the most versatile and most widely used stainless steel. For areas within 50 miles of the coast, Gemini recommends Alloy 316

**ALLOY 316:** 316 offers better overall corrosion resistant properties than 304, particularly higher resistance to pitting and crevice corrosion in chloride environments.

**Cor-Ten®:** An environment resistant steel, created by alloying copper, chromium and nickel. The material forms its own continuing protective rust layer, when exposed to atmospheric elements. Essentially, the top layer corrodes, which then protects the steel beneath it – hence Cor-Ten cannot be painted or clear coated, as it will push off most surface surfactants over time. It is not recommended for mounting on any surface that could be stained, due to the bleeding of this rust layer.

**POLISHING:** Requires a minimum of .5" stroke at 1/8" thick (stud weld required). Restrictions may apply on letters/logos over 24".

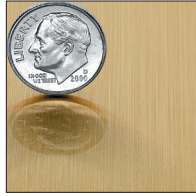

## Brass: Alloy C464 (1/8", 1/4", 3/8", 1/2" & 3/4" Thick)

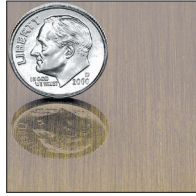

Brushed

Dark Oxidized

Verde Patina

Turquoise Patina

### BRONZE, BRASS & COPPER FINISH NOTES:

**OXIDIZED:** Color matching of existing oxidized letters is available with a customer supplied sample.

**PATINA:** All Patinas, by their very nature, will vary from letter to letter and order to order. These finishes will change in appearance over time depending on contact with moisture and temperature. Patinas can "bleed" onto the installation surface when installed outside.

**POLISHING:** Requires a minimum of .5" stroke at 1/8" thick (stud weld required). Restrictions may apply on letters/logos over 24".

## Copper: Alloy C11000 (1/8", 1/4" & 3/8" Thick)

## Mounting Options

Go to GeminiSignage.com to view, print or save .pdf CAD drawings of all mounting and construction options. (Flat Cut Metal > Installation)

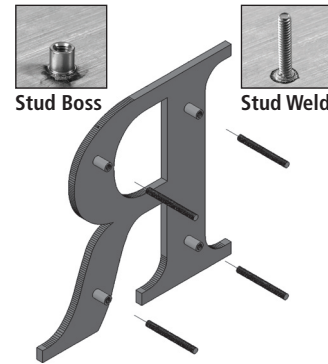

### Plain Mount

Letters and logos are supplied with no mounting holes or hardware. Note: Most metal finishes do require some processing holes on letters backs - even with Plain mounts

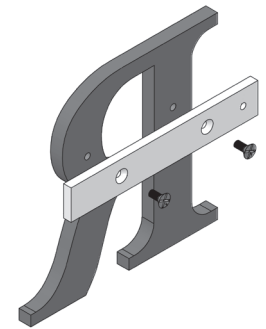

### Stud Mount

Backs of letters and logos, at least 1/4" thick, are drilled and tapped to receive threaded studs, for mounting to wall. Optional alignment for brick, block or rails.

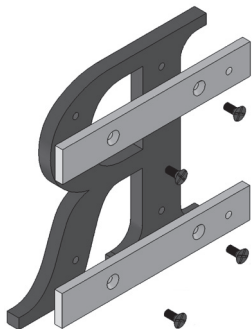

### Welded Stud Mount

Backs of 1/8" thick letters and logos are supplied with welded stud bosses (to receive studs) or 1" long welded studs, for mounting to wall.

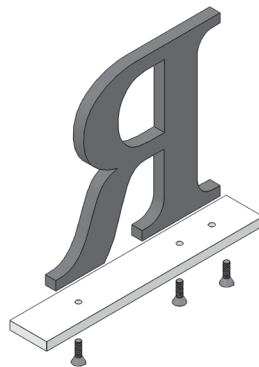

### Single Rail Mount

Add 35% to brushed letter price. Includes one flat 1/4" painted rail. Letters pre-assembled to rail. Typical with 4" - 8" letters. C-channel and anodized finish optional.

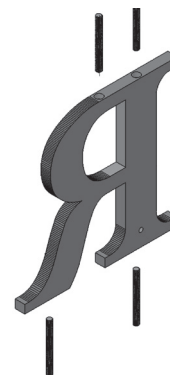

### 3A - Double Rail Mount

Add 35% to brushed letter price. Includes two flat 1/4" painted rails. Letters pre-assembled to rails. Typical with 4" - 24" letters. C-channel and anodized finish optional

### 3B - Bottom & Top Rail Mount

Add 35% to brushed letter price. Letters 4"-30", Minimum 3/8" thick. Includes painted or anodized aluminum rail. Letters over 8" may require tie-back (not supplied).

### 3B - Bottom & Top Stud Mount

Add 15% to brushed letter price. Letters 4"-30", Minimum 3/8" thick. Letters over 8" may require tie-back (not supplied).

### Double Face Tape Mount

Some letters or logos 8" or smaller can have full coverage, 20 mil. clear double face tape. Some larger letters and logos can have strips of the same tape applied. Email for quote.

## **FORGING A LASTING IMPRESSION**

Gemini's hand-cast metal letters and logos signal unmistakable elegance and bring a timeless sense of tradition to indoor and outdoor signage. From university campuses to professional services and government offices, cast metal defines permanence, authority and sophistication.

# G CAST METAL

Flat, round, prismatic or your own custom face profile

Wide variety of different standard finishes

Multi-set discounts on custom

Larger letters & logos up to 64" available custom

Industry-leading lead times

## CLASS & DISTINCTION

For decades, Gemini has been a leading producer of the highest quality, hand-finished cast aluminum and bronze letters in our metal foundries, with all-electric, pollution-free furnaces.

Obtain this timeless look with surprising economy in your choice of cast bronze or aluminum. Choose a variety of finish options, including polished, oxidized and anodized, performed in-house, produced and shipped with industry leading lead times.

### Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

## Aluminum Alloy 514: Brushed Finishes

#4 brushed, Random Arc & Orbital are available in all anodized finishes as well as aluminum and bronze.

Brushed

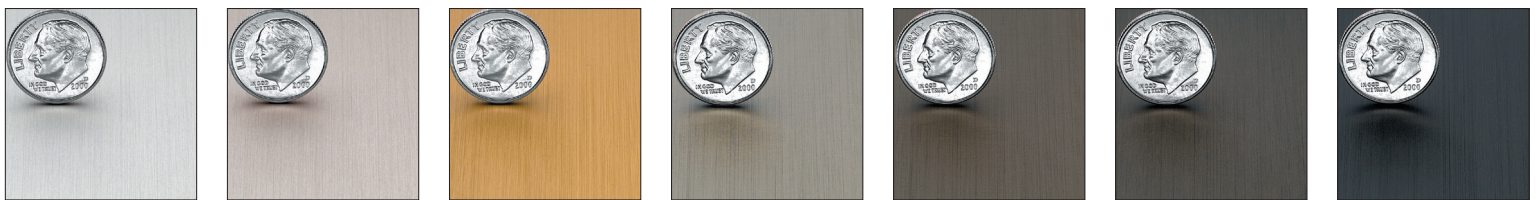

#4 Brushed

Random Arc

Orbital

Rust Powdercoat

## Aluminum: Anodized Finishes

Clear

Champagne

Gold

Light Bronze

Medium Bronze

Dark Bronze

Black

### Anodized Aluminum:

Anodized finishes are not just coatings... they are a part of the finished aluminum letter. Anodizing is an electrochemical process that hardens aluminum and allows it to be colorized. We perform our own anodizing to ensure your letters within the same order have color consistency and are delivered to you within days. Some of the many reasons to have Gemini anodize your aluminum letters include: Abrasion and weather resistant; Beautiful finish; Increases hardness and durability; Will not crack or peel; Unaffected by sunlight / UV; Environmentally friendly; Cost effective. Note: Colors may vary slightly from order to order.

## Bronze: NAVY-G 88-8-0-4

Brushed

Polished

#4 Brushed

Light Oxidized

Oxidized

Dark Oxidized

Verde Patina

Turquoise Patina

### BRONZE FINISH NOTES:

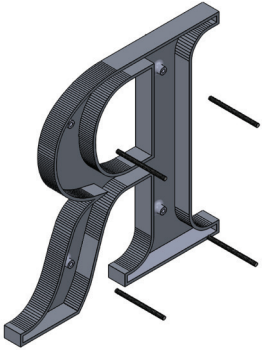

**OXIDIZED:** Color matching of existing oxidized letters is available with a customer supplied sample.

**PATINA:** All Patinas, by their very nature, will vary from letter to letter and order to order. These finishes will change in appearance over time depending on contact with moisture and temperature. Patinas can "bleed" onto the installation surface when installed outside.

**POLISHING:** Requires a minimum of .5" stroke. Restrictions may apply on letters/logos over 24".

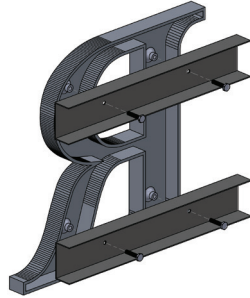

# Mounting Options

Go to GeminiSignage.com to view, print or save .pdf CAD drawings of all mounting and construction options.

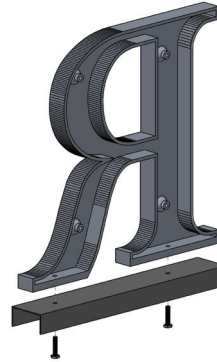

### Stud Mount - Standard

Backs of letters and logos are drilled and tapped to received threaded studs for mounting. Standard cast studs are in-line for brick mortar (2-5/8" on center)

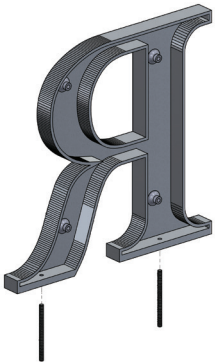

### 3A - Double Rail Mount

Includes painted or anodized aluminum c-channel rails. Email for quote.

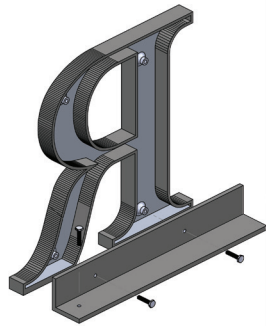

### 3B - Bottom & Top Rail Mount

Letters 4"-30", Minimum 3/8" thick  
Includes painted or anodized aluminum c-channel rails. Letters over 8" may require tie-back (not supplied). Email for quote.

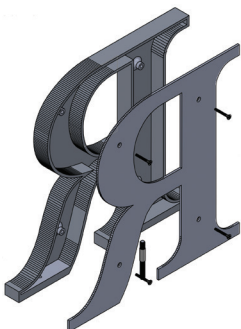

### 3C - Bottom or Top Stud

Letters 4"-30", Minimum 3/8" thick  
Letters over 8" may require tie-back (not supplied). Email for quote.

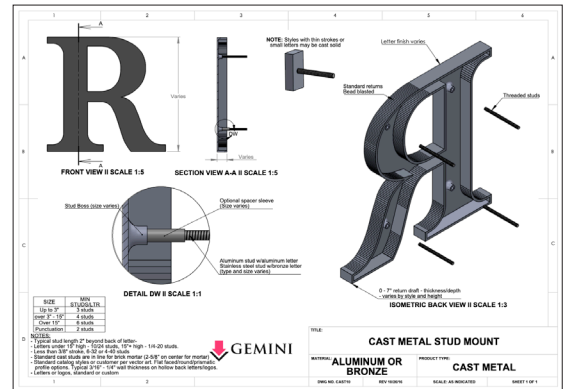

### 3D - Bottom Back Angle Bracket Mount

Letters 4"-30", Minimum 3/8" thick.  
Letters over 8" may require tie-back (not supplied). Aluminum angle is 2" x 2" with a painted finish. Email for quote.

### Bottom Stud w/Back Email for quote

Letters 4"-24", Minimum 3/8" thick  
Includes painted or anodized 1/8" thick aluminum back. Letters over 8" may require tie-back (not supplied). Can be full cover or inset for flush edge.

### CAD Drawings:

A complete list of downloadable PDFs can be found by clicking on the CAD drawing above.

## Stud Specifications

- Cast letters under 15" are shipped with 10/24 threaded studs-standard. (Thin strokes, 4/40 or 6/32 studs).
- Cast letters 15" + are shipped with 1/4-20 studs-standard.
- Cast Aluminum letters - Aluminum studs standard (Stainless steel available upon request).
- Cast Bronze letters - Stainless steel studs are standard.
- Metal spacers available upon request (specify stand-off distance).
- Stud for Brick, 2-5/8" on center, no extra fee
- Stud for Block, 8" on center, no extra fee
- Studs in-line for horizontal alignment no extra fee. (rail not included)
- Custom stud placement available up to 14" - Email for Quote

## UNMATCHED FIT AND FINISH

Large or small, Gemini's fabricated metal letters and logos offer the scale and dramatic return depth you want with a precision fit and finish you won't find elsewhere. Our exclusive stainless steel manufacturing technology allows virtually any letter stroke-to-width ratio, and our aluminum letters and logos are precision MIG welded.

## FABRICATED METAL

Virtually unlimited  
design potential

Expertly crafted to  
exacting requirements

Sizes ranging from  
2 inch to 100+ inches

Multiple finish and  
return depths

Industry-leading  
lead times

### **DIMENSIONAL PRECISION**

Your most ambitious design aspirations can be realized with Gemini's fabricated metal letters and logos. Our precision manufacturing technology expands design possibilities in stainless steel, allowing for virtually any letter stroke-to-width ratio, letting you achieve delicate strokes as narrow as 3/8" paired with unprecedented return depths. Our aluminum fabrication capabilities are no less impressive, offering a made-to-order solution for larger scale letter and logo applications up to 120" high in one piece.

Like all Gemini products, we build with sustainability in mind, with the highest quality metals featuring 20% to 40% recycled materials, and 100% recycling of all scrap and trim produced.

### Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

### Stainless Steel Alloy 304:

Vertical grain is standard on all fabricated letters & logos. Horizontal grain can be requested. Mixed face and return finishes - email for quote.

## Aluminum: Alloy 5052

Brushed

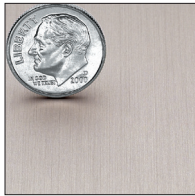

### Anodized Aluminum:

Anodized finishes are not just coatings... they are a part of the finished aluminum letter. Anodizing is an electrochemical process that hardens aluminum and allows it to be colorized. We perform our own anodizing to ensure your letters within the same order have color consistency and are delivered to you within days. Some of the many reasons to have Gemini anodize your aluminum letters include: Abrasion and weather resistant; Beautiful finish; Increases hardness and durability; Will not crack or peel; Unaffected by sunlight / UV; Environmentally friendly; Cost effective. Note: Colors may vary slightly from order to order.

Standard Mounting Method:

**Stud Mount**

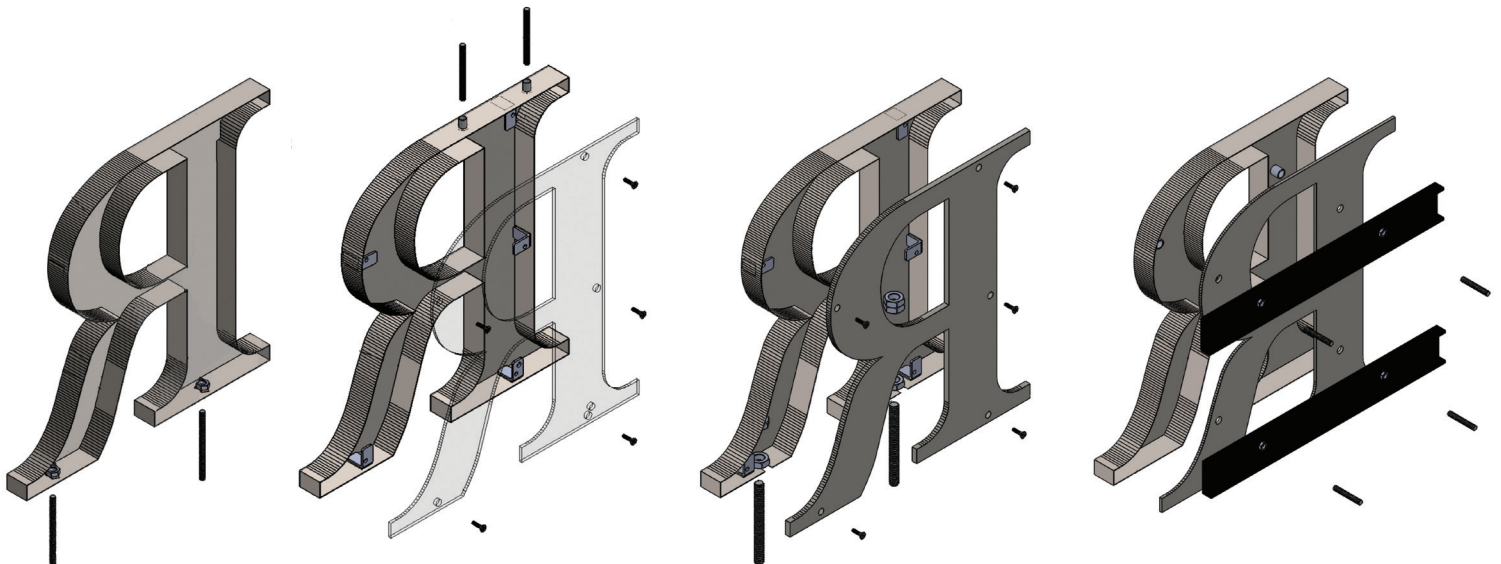

*Backs of letters and logos have hardware that is drilled and tapped to received threaded studs for mounting. Optional alignment for brick, block or rails available.*

**CAD Drawings:**

A complete list of downloadable PDFs can be found by clicking on the CAD drawing above.

Optional Mounting Methods:

**Bottom or Top Stud  
No Back  
(Up to 8" - Add 15%)**

**Bottom or Top Stud  
w/Back  
(Over 8" - Call for quote)**

**Bottom or Top Stud  
w/Thick Back  
(Over 8" - Call for quote)**

**Double Rail Mount  
(Call for quote)**

## **INTERIORS WITH EXCELLENCE**

Gemini's precision CNC & laser cutting lets you apply many of our finished aluminum and acrylic faces with our proprietary lamination process to durable and economical high density foam featuring a ABS backer.

**UNIQUE LOOKS FOR INTERIORS**

From exhibits and retail displays to lobby reception areas, your interior signage and experiential branding projects will stand out with elegant laminate display letters that artfully infuse metals, ACRYLICs and specialty materials.

**GEMLEAF LETTERS & LOGOS**

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
1"	22"	22" X 46"; larger sizes available as multi-piece	5 thicknesses: 1/8", 3/16", 1/4", 3/8" & 1/2" based on letter height	Indoor ONLY	Acrylic and metal foils

**METAL ON ACRYLIC LETTERS & LOGOS**

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
3"	46"	46" X 95"; larger sizes available as multi-piece	8 thicknesses: 1/8", 3/16", 1/4", 3/8", 1/2", 3/4", 1" & 1-1/2" based on letter height	Indoor ONLY	Acrylic and metal laminates

**METAL OR ACRYLIC ON FOAM LETTERS & LOGOS**

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
4"	25"	46" X 46"; larger sizes available as multi-piece	6 thicknesses: 1/2", 3/4", 1" 1-1/2", 2" & 3" based on letter height	Indoor ONLY	Acrylic or metal laminate on foam

## PRECISE DETAIL AND SOPHISTICATION

Gemini's custom laser cutting capabilities provide you with the ability to cut acrylic into shapes and letter styles not attainable with routers.

# GEMLEAF LAMINATE

Superior laser cut  
edges

47 standard substrate  
colors

Letters and logos  
from 1 inch to 22  
inches

5 standard thicknesses

Industry-leading  
lead times

## INTERIORS WITH IMPACT

With GemLeaf™ laminates, you can create interior signage designs with detail you would not think possible, with an affordable rich metallic finish. Your 2D letters and logos can be produced into dimensional shapes that will make your customers take notice. Using the latest technology, we apply a thin, micron metal face laminate to acrylic for a distinctive look at a lower cost and lighter weight than dimensional metal. And we offer special pricing on multiple sets that will reduce your costs further on large projects.

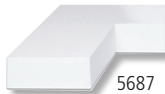

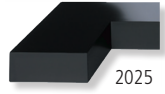

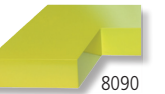

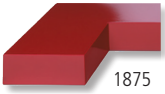

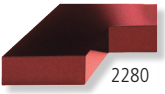

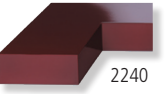

### WHEN ORDERING

### Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

Face Finishes:

Brushed Aluminum

Polished Aluminum

Brushed Silver

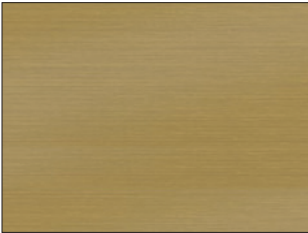

Brushed Pewter

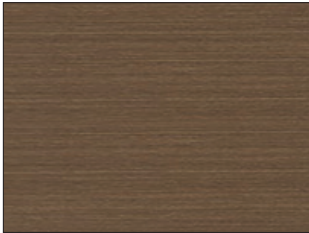

Brushed Brass

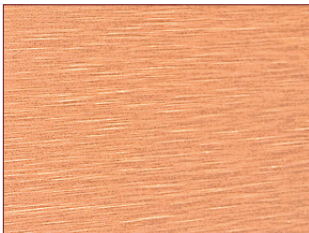

Polished Brass

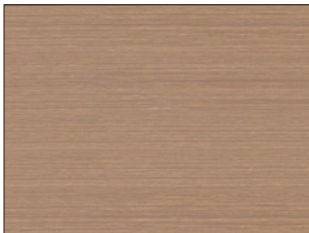

Brushed Bronze

Brushed Medium Bronze

Brushed Copper

## Mounting Options:

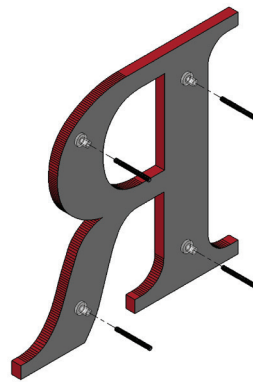

### Plain

Letters and logos are supplied with no mounting holes or hardware. Price as listed.

### Double Face Tape

Strips of 25mm VHB tape applied to backs of letters and logos. Maximum size varies by thickness of material. Price as listed.

### Stud with Block

Backs of letters and logos have plastic drilled & tapped blocks glued to the back to receive threaded studs. Optional alignment for brick, block or rails. Price as listed.

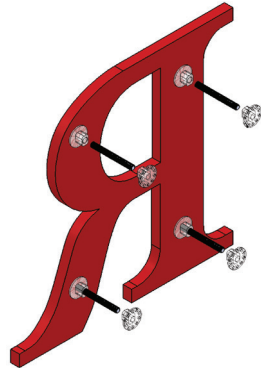

### Flush Stud

Backs of letters and logos, at least 1/4" thick, are drilled and tapped to receive threaded studs, for mounting to wall. Optional alignment for brick, block or rails. Price as listed.

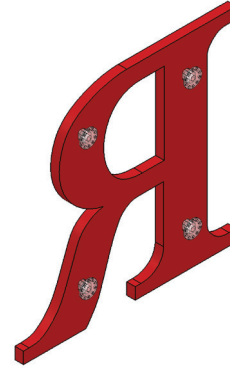

### Full Coverage D/F Tape

Letters and logos 4" and under can have the full coverage double face tape. Call for quote.

### Combination All

Same as stud mount above except adjustable pads are supplied to provide extra adhesion to mounting surface.

### Pad

Backs of letters and logos have plastic pads glued to the back. Optional alignment for rails.

▼ SAMSUNG: 3"H brushed aluminum on 1/8" thick black acrylic. W: 6"H brushed brass on 1/2" thick black acrylic. P: 8"H brushed medium bronze on 1/4" thick black acrylic.

## **A BEAUTIFUL COMBINATION**

Leading expertise in metals and manufacturing of our own acrylic sheets combine with a proprietary lamination process to produce unique letters and logos of exquisite detail and refinement.

# METAL ON ACRYLIC LAMINATE

Precision CNC cut edges

47 standard substrate colors

Letters and logos from 2 inch to 46 inches

8 standard thicknesses

Industry-leading lead times

## THE LOOK OF LUXURY

Gemini combines the colorful durability and elegance of our modified extruded acrylic substrates with .030 solid Chemetal sheets of genuine aluminum in your desired finish and metallic effect to produce a unique alternative to metal letters and logos. We fuse these dissimilar materials together with our patented Bern-Lok system using a combination of heat, high pressure, and chemical bonding that is guaranteed to last. Once laminated, we expertly and precisely router cut your design using our state-of-the-art CNC equipment and complete the fit and feel with edge finishing.

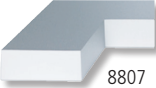

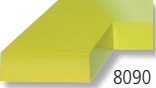

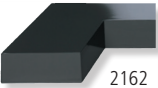

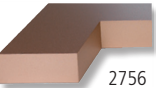

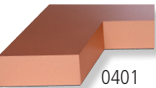

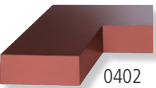

### WHEN ORDERING

### Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3"x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

## Mounting Options:

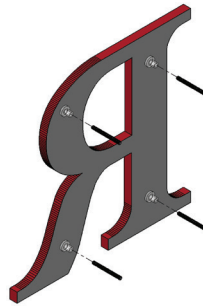

### Plain

Letters and logos are supplied with no mounting holes or hardware. Price as listed.

### Double Face Tape

Strips of 25mm VHB tape applied to backs of letters and logos. Maximum size varies by thickness of material. Price as listed.

### Stud with Block

Backs of letters and logos have plastic drilled & tapped blocks glued to the back to receive threaded studs. Optional alignment for brick, block or rails. Price as listed.

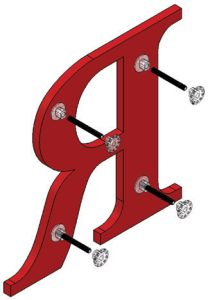

### Flush Stud

Backs of letters and logos, at least 1/4" thick, are drilled and tapped to receive threaded studs, for mounting to wall. Optional alignment for brick, block or rails. Price as listed.

### Full Coverage D/F Tape

Letters and logos 4" and under can have the full coverage double face tape. Call for quote.

### Combination All

Same as stud mount above except adjustable pads are supplied to provide extra adhesion to mounting surface.

### Pad

Backs of letters and logos have plastic pads glued to the back. Optional alignment for rails.

**LOGOS SMALLER THAN 10" X 10" CAN BE PRICED AS A LETTER USING THE MAXIMUM DIMENSION**  
**LOGOS LARGER THAN SIZES SHOWN OR CONTAINING 31+ PIECES/CUTOUPS**  
**EMAIL: [Signage@GeminiMade.com](mailto:Signage@GeminiMade.com)**

## **ECONOMY AND DIMENSION**

Precision cut aluminum laminated over high density foam offers the rich look your project demands with a cost-effective solution that fits your project budget.

## METAL OR ACRYLIC ON FOAM LAMINATE

Precision CNC cut  
edges

6 standard high  
density foam depths

Letters and logos  
from 4 to 46 inches

Dramatic depths up  
to 3 inch

Industry-leading  
lead times

### ULTIMATE DIMENSION WITH MINIMUM WEIGHT

Expand what's possible in interior signage while expanding room in your budget with the most dimensional and lightest weight solution in quality signage. Gemini's expert metal and ACRYLIC craftsmanship combines with the economy and dimensionality of durable, high density urethane (HDU) foam substrate to create high-quality laminated letters and logos that have the depth and appearance of heavier and more costly alternatives. We use .030 solid Chemetal sheets of aluminum that have been treated to provide your desired finish, or our own modified acrylic sheet on your choice of color.

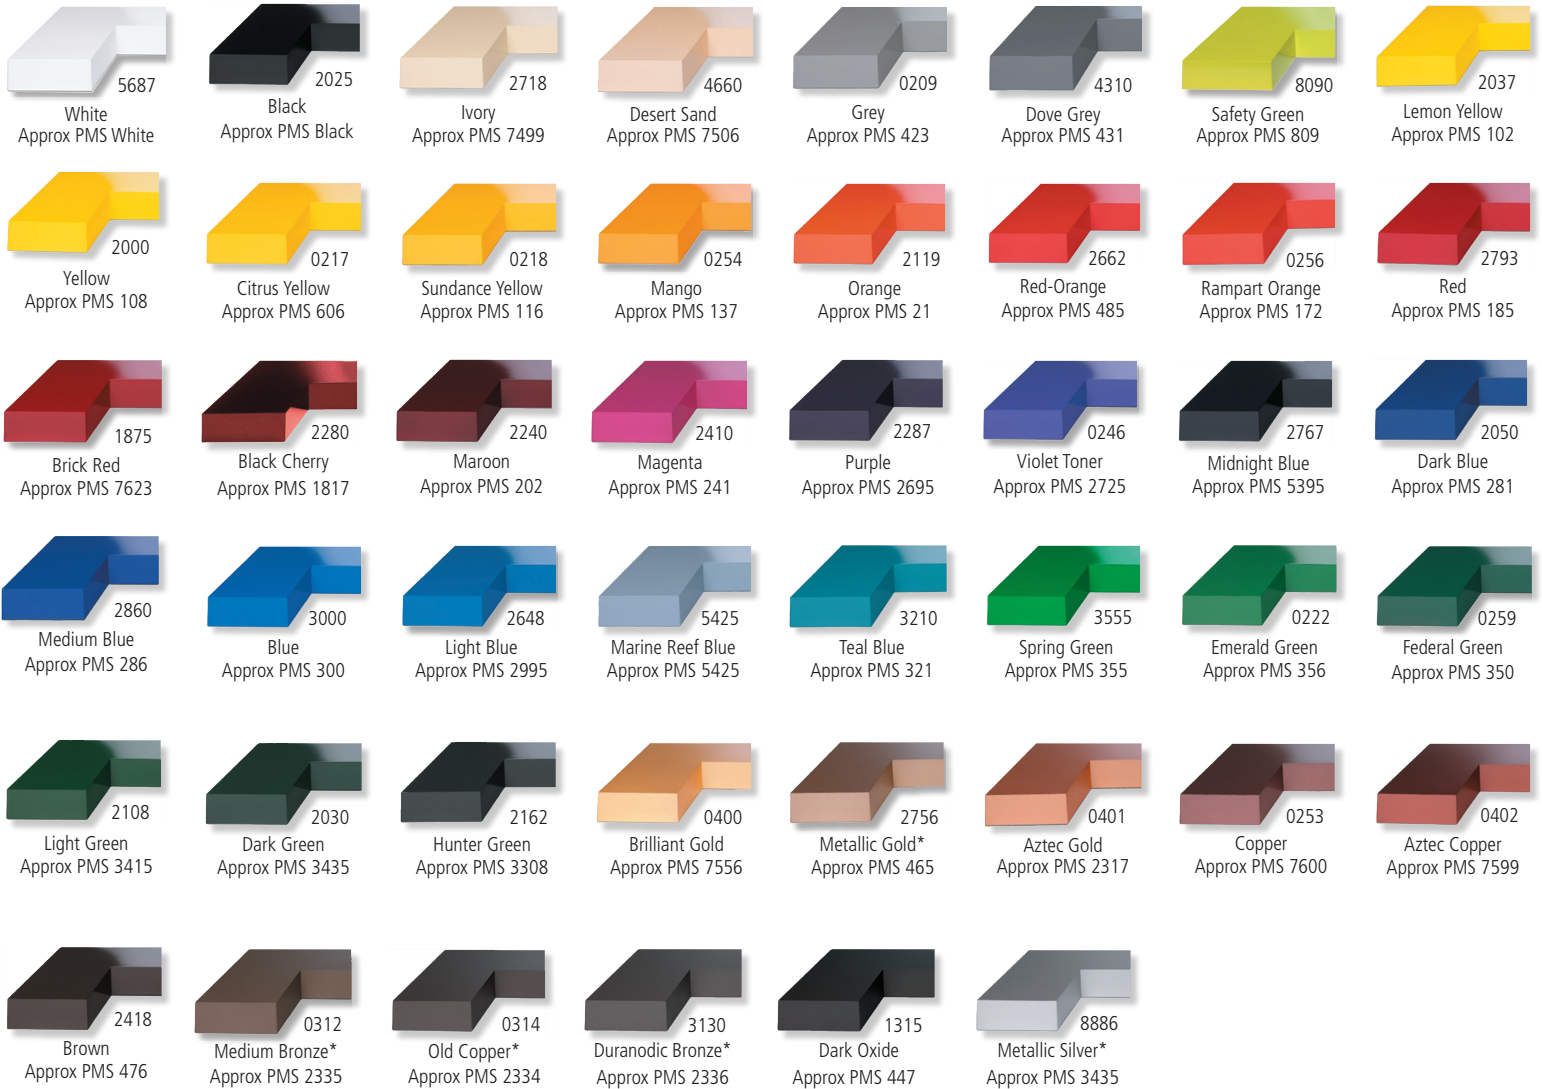

#### WHEN ORDERING

PLEASE SPECIFY:

- Install Environment
- Size (Height)
- Finish & Substrate Color
- Vector Art or Standard Font
- Depth
- Install Method

## Acrylic Laminates:

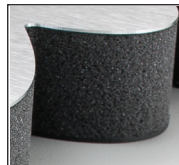

### Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

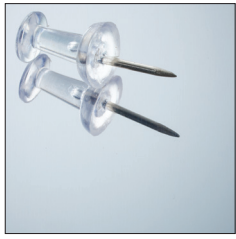

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3"x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

### Standard Foam Edge

## Mounting Options:

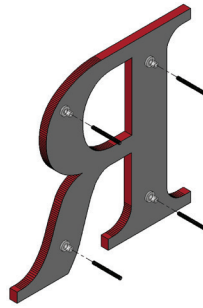

### Plain

Letters and logos are supplied with no mounting holes or hardware. Price as listed.

### Double Face Tape

Strips of 25mm VHB tape applied to backs of letters and logos. Maximum size varies by thickness of material. Price as listed.

### Stud with Block

Backs of letters and logos have plastic drilled & tapped blocks glued to the back to receive threaded studs. Optional alignment for brick, block or rails. Price as listed.

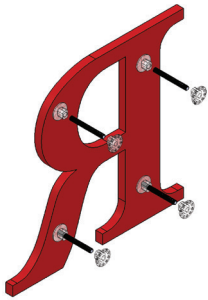

### Flush Stud

Backs of letters and logos, at least 1/4" thick, are drilled and tapped to receive threaded studs, for mounting to wall. Optional alignment for brick, block or rails. Price as listed.

### Full Coverage D/F Tape

Letters and logos 4" and under can have the full coverage double face tape. Call for quote.

### Combination All

Same as stud mount above except adjustable pads are supplied to provide extra adhesion to mounting surface.

### Pad

Backs of letters and logos have plastic pads glued to the back. Optional alignment for rails.

## THE POSSIBILITIES OF PLASTIC

The colorful variety and material versatility of plastic sign media offers unlimited possibilities for designers. Gemini offers multiple plastic processes, materials and options to make your project shine.

## UNLIMITED VERSATILITY FOR ANY BUDGET

High-performance plastic letters and logos deliver infinite design possibilities at an economical price.

Choose from a wide range of standard colors, plus paint colors matched to your exact requirements. Plastic sign media offers excellent durability, weather resistance, dimensional versatility, and nearly unlimited scale to satisfy any design vision.

## FLAT CUT ACRYLIC LETTERS & LOGOS

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
1"	95"	46" X 95"; larger sizes available as multi-piece	8 thicknesses: 1/8", 3/16", 1/4", 3/8", 1/2", 3/4", 1" & 1-1/2" based on letter height	Indoor or Outdoor Use	Acrylic

## FORMED PLASTIC LETTERS & LOGOS

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
4"	68"	45" X 68"; larger sizes available as multi-piece	3/4" to 2-1/2" based on letter height	Indoor or Outdoor Use	Plastic

## INJECTION MOLDED PLASTIC LETTERS

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
2"	18"	18" Helvetica & Times Bold; 12" Architectural	3/8" to 1-1/2" based on letter height	Indoor or Outdoor Use	Plastic

## **THE GO-TO SOLUTION**

When it comes to a superior combination of vibrant color, durability, pleasing dimension and affordability for your designs, Gemini's own engineered extrusions of high-performance acrylic and precision laser cutting technology can't be matched.

# FLAT CUT ACRYLIC

8 thicknesses and  
47 standard colors

Custom painting  
and hi-resolution  
printing options

Letters and logos  
from 1 inch to 95  
inches

Larger letters &  
logos available as  
multi-piece

Industry-leading  
lead times

## PRECISION BUILDS OF YOUR DESIGNS

Gemini's laser cut acrylic is customizable for almost any application. The quality of Gemini's acrylic sheets, available in multiple colors and created in our own state-of-the-art extrusion plant, is unsurpassed. We then utilize our advanced laser cutting capabilities and finish to your highest expectations. A number of options are available including assembly of different elements and thicknesses, standoffs, custom hand-painted detailing and color printing. For acrylic signs offering durability, maximum vibrancy and impact at a budget-friendly price, the possibilities are nearly limitless.

## Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name of the brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

**Standard Mounting Options:**

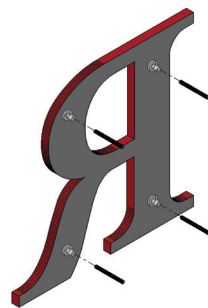

**Plain**

Letters and logos are supplied with no mounting holes or hardware. Price as listed including stencil guide.

**Double Face Tape**

Strips of 25mm VHB tape applied to backs of letters and logos. Maximum size varies by thickness of material. Price as listed including stencil guide.

**Stud with Block**

Backs of letters and logos have plastic drilled & tapped blocks glued to the back to receive threaded studs. Optional alignment for brick, block or rails. Price as listed including drill pattern.

**Flush Stud**

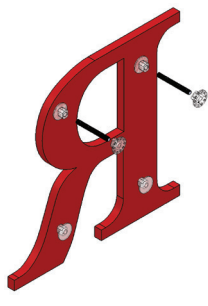

Backs of letters and logos, at least 1/4" thick, are drilled and tapped to receive threaded studs, for mounting to wall. Optional alignment for brick, block or rails. Price as listed including drill pattern.

**Optional Mounting:**

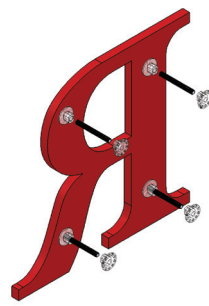

**Pad-ADD 5%**

Backs of letters and logos have plastic pads glued to the back. Optional alignment for rails. Price includes stencil guide.

**Combination-ADD 5%**

Stud thru pad at the top of the letter and pads on the bottom part. Price includes drill pattern.

**Combination All-ADD 5%**

Same as stud mount above except adjustable pads are supplied to provide extra adhesion to mounting surface. Price includes drill pattern.

**Full Coverage D/F Tape**

Letters and logos 4" and under can have the full coverage double face tape. Call for quote.

**Inset Double Face Tape**

## Custom UV Printing

Where multi-step painting and masking is impractical, Gemini's custom color print technology lets you faithfully reproduce your most complex designs, intricately detailed graphical elements, sophisticated color gradients or any photographic images directly onto sign materials. Our advanced, ink jet printing technology lets us print with dimensionally-stable, highly saturated color inks to reproduce virtually any image or design, and is a great option to create strong visual impact at a reasonable cost.

Our full-color inkjet printing capabilities let us print directly to flat acrylic, as well as many other substrates including aluminum, brass, bronze and stainless steel. With print resolution at 1,200 dpi, images are vivid, gradients are smooth and the color spectrum is virtually limitless. Our inks are all UV-cured and tested for UV resistance.

From one sign to many, Gemini's custom printing capabilities also let you create sign elements with 100% repeatability.

Email [Signage@GeminiMade.com](mailto:Signage@GeminiMade.com) for a quote.

# BANK GUARD

## Custom Painting

Gemini is fully equipped to paint acrylic letters and logos per your requirements. By allowing us to provide you with high quality, UV stable, polyurethane painted products, you're assured of guaranteed quality – while avoiding the extra labor, costly resources, and environmental challenges that can be associated with spraying paint – and our paint is guaranteed for life.

Email [Signage@GeminiMade.com](mailto:Signage@GeminiMade.com) for a quote.

# 1/8", 3/16", 1/4", 3/8" & 1/2" Thick Acrylic Letters

## PRICE PER LETTER - STANDARD MOUNTING & INSTALL PATTERN INCLUDED

Lower case is 75% of corresponding Upper Case price. Small punctuation, such as comma, period and dash are 33% of Upper Case price.

  = Upper Case Only

▼ 18", 10" & 8" H x 1/4" thick white letters and reverse cut logo.

## **PLASTIC MEDIA THAT POPS**

Only Gemini offers the range of plastic solutions for any dimensional application. From our crisp, injection molded letters that mimic more costly metal letters to our multi-depth, affordable formed plastic signage.

## DIMENSIONAL PLASTIC

Formed plastic letters in multiple sizes and type styles

Injection molded letters with sharper details and edges

Tough, UV stable and guaranteed for life

Automotive quality, painting options

Industry-leading lead times

### LOW COST, HIGH IMPACT

The next generation of Gemini's formed plastic technology is here. Today's formed plastic signage is made from tough UV stable material that is completely recyclable, and features the versatility to form complex, multi-level signage or individual logos and letters that let you transform a 2D design into a high-impact, dimensional experience. Gemini also offers the crisp edges and smooth returns of dimensional injection molded letters in architectural styles that replicate the look of cast metal letters and offer reduced weight for easier mounting.

## Custom Paint Color:

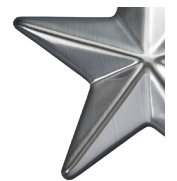

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

## Premium Finishes

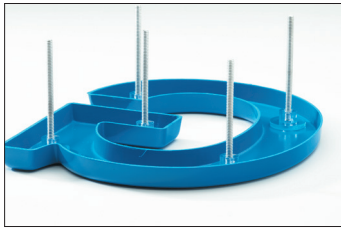

Polished Chrome  
(Formed price x 2.5)

Brushed Chrome  
(Formed price x 3)

**Standard Mounting Options:**

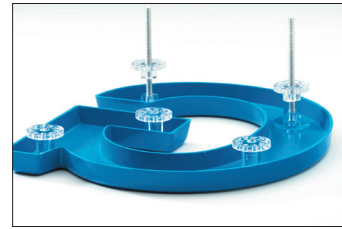

**2a-Stud**

*Threaded blocks are solvent bonded to the letter backs to receive a 10-24 stud. Silicone adhesive is applied to the studs and into the drilled holes when installing. Price as listed including drill pattern.*

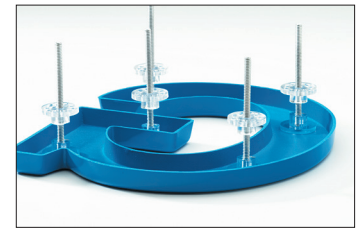

**2b-Pad**

*Threaded blocks are solvent bonded to the letter backs to receive the perforated pad. Silicone adhesive is used to adhere the perforated pads to the installation surface. Spacing guides are available for this installation. \*\* Most letters 9" and under will have perforated pads bonded directly to the letter back and will have a slight stand-off. Price as listed including stencil guide.*

**2c-Combination**

*Threaded blocks are solvent bonded to the letter backs. The top portion of the letter receives stud through pads and the bottom pad only. Mounting procedure is the same as 2a Stud with the addition of securing pads to the installation surface with silicone. Drilling pattern is required for this installation. \*\* Most letters 9" and under will have perforated pads bonded directly to the letter back and will have a stand-off. Price as listed including drill pattern.*

**2d-Combination All**

*Threaded blocks are solvent bonded to the letter backs. All mount locations receive a stud through pad. Mounting procedure is the same as 2a Stud with the addition of securing pads to the installation surface with silicone. Price as listed including drill pattern.*

**Optional Mounting:**

**2f-Flange - ADD 5%**

*Letters are produced with a minimum 1/4" wide visible plastic flange, all around letter, to allow for installing with screws (not supplied). Stud, Combination, Combination All and Pad mounts can be added to this mounting at the +5%. Flange and Flange with Pad mount includes stencil guide. Flange with studs, combination and combination all includes drill pattern.*

**Standard mounting In-Line for rail, brick or block**

**PRISMATIC FACE INJECTION MOLDED**

**PRISMATIC FACE FORMED**

**FLAT FACE INJECTION MOLDED**

**FLAT FACE FORMED**

**Pricing Notes:**

- Price includes stud, pad, combination or combination all mount and installation pattern / stencil
- Price includes any standard color shown on page 105 or your own custom color
- Lower case, where available, is 90% of the corresponding Upper Case price
- Small punctuation, such as a comma, period and dash are 33% of the Upper Case price

## SIGN UP FOR BIG DRAMA

Whether in metals, plastics or tandems of both materials, Gemini handcrafts its dimensional illuminated letters and logos using high quality, UL-approved and maintenance-free LED lighting modules that are pre-wired for mounting convenience.

## BRILLIANT IMPACT

Illuminated signage has come a long way from the days of complex neon and fluorescent channel letters. Gemini has advanced and powerful solutions with integrated, energy efficient, no-maintenance LED modules designed for even the most challenging environments and mounting surfaces.

## HALO LIT LETTERS & LOGOS

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
3"	95"	46 1/2" x 95"; larger sizes available as multi-piece	Custom depths can be specified: 1" up to 4"	Indoor or Outdoor Use	Stainless steel, aluminum or plastic

## FACE LIT LETTERS & LOGOS

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
6"	95"	46 1/2" x 95"; larger sizes available as multi-piece	Custom depths can be specified: 1" up to 6"	Indoor or Outdoor Use	Stainless steel, aluminum or plastic

## SPECIALTY LIT LETTERS & LOGOS

Minimum Height	Maximum Height	Maximum Size	Depth/Thickness	Application	Material
6"	36"	36" x 36"	1", 1-1/2" & based on letter height	Indoor or Outdoor Use	Plastic

## **DRAMA. IMPACT. 24/7 VISIBILITY.**

When you want to make a powerful impression around the clock, you need illuminated letters and logo solutions from Gemini. Design options include a number of formed and fabricated plastic and metal materials applied to halo-, face-, edge- and specialty illuminated applications in turnkey, pre-wired LED lit solutions.

1.800-538-8377

# HALO ILLUMINATED

Illuminated letters and logos from 3" to 100"+

Metal or plastic fabrication

5 standard serviceable LED colors plus multi-color RGB

Pre-wired, UL approved with integrated LEDs

Industry-leading lead times

## **SUBTLE AND POWERFUL**

The dramatic impressions created by a halo-lit design communicates exceptional sophistication, allowing you to design large-scale without overwhelming the environment. With Gemini's brilliant, low-profile LEDs, even the narrowest strokes and details can house our compact modules to provide even illumination and appearance with no lighting dead zones. Choose from fabricated aluminum and stainless steel faces to our elegant trimless models, acrylic faces or select formed plastic or cast metal products, all with brilliant halo lighting.

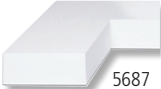

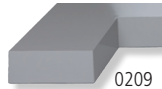

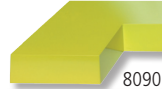

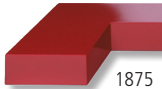

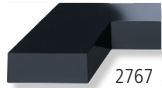

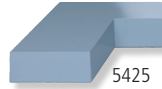

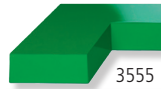

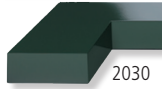

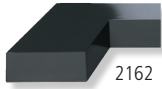

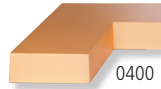

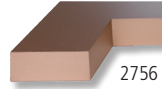

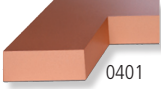

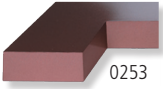

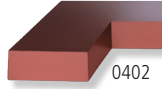

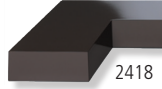

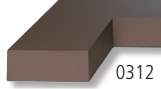

### **WHEN ORDERING**

PLEASE SPECIFY:

## Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

### Stainless Steel Alloy 304:

Vertical grain is standard on all fabricated letters & logos. Horizontal grain can be requested. Mixed face and return finishes - email for quote.

## **THE GLOW OF SUCCESS**

The design impact of Gemini's expert fabrication of metal and plastic letters and logos are magnified by the dramatic effects of brilliant face lighting.

# FACE ILLUMINATED

Illuminated letters and logos from 6" to 68"

Metal or plastic fabrication

5 standard serviceable LED colors plus multi-color RGB

Pre-wired, UL approved with integrated LEDs

Industry-leading lead times

## VISIBILITY THAT DEMANDS ATTENTION

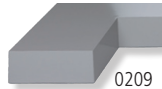

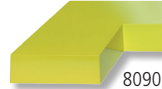

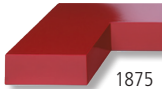

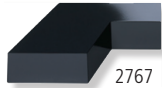

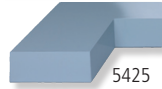

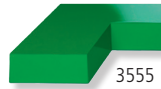

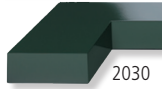

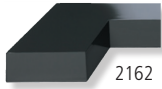

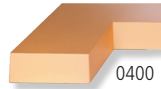

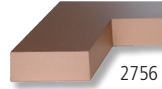

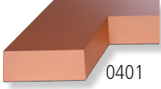

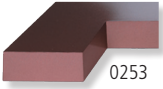

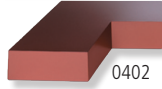

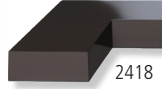

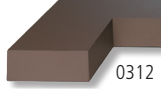

Retailers, company brands and organizations can display their brilliance around the clock with Gemini's face illuminated letters and logos. A step up from traditional channel letters, Gemini's solutions offer expertly-fabricated metal returns and high-quality diffused acrylic faces. Models are available in precision-fit, narrow trim, or the exceptional style of trimless finishing, including premium solid cast acrylic solutions.

## Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

## **ILLUMINATE DIFFERENTLY**

New and unique lighting solutions are being created at Gemini every day. Our industry-leading manufacturing and materials fabrication capabilities combine with the rapid advancement of the latest high efficiency, solid-state compact LED technologies to introduce innovations and lighting effects that were unheard of just a few years ago.

**1.800-538-8377**

# SPECIALTY ILLUMINATED

Illuminated letters and logos from 6" to 45"

Narrow strokes, low profiles and tight curves

5 standard LED colors plus multi-color RGB

Compact, integrated LED lighting modules

Industry-leading lead times

## BRIGHT IDEAS START HERE

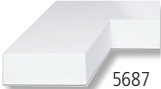

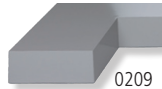

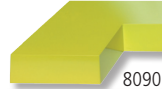

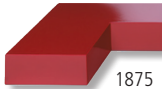

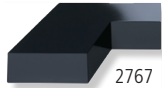

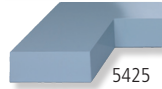

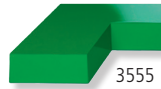

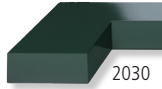

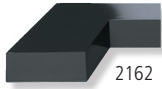

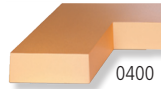

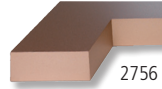

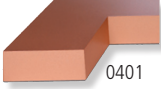

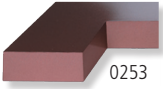

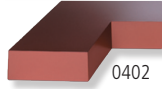

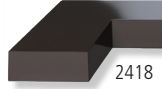

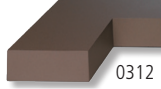

When it comes to lighting innovation, consider Gemini more illuminated than others. As a leading fabrication partner to some of the world's top designers and sign builders, we're always pushing the boundaries of what's possible. We have the ability and the technologies to bring your most brilliant concepts to life, providing fully-integrated, UL-approved solutions offering flawless illumination and extremely low maintenance, in the most unique forms and materials.

## Custom Paint Color:

It's easy to request custom color matching! Simply tell us the paint number or name and brand of paint you'd like us to match (e.g. PMS 186 or Sherwin-Williams Boathouse Blue) and we will obtain a mixing formula at no cost to you.

Don't have a paint name or number and still need a color exactly matched? Please send us a sample (sample item must be at least 3" x 3") and our paint lab will run it through an exacting color match process. Exact color matching from a sample is \$200.

## ENHANCE YOUR OFFERING

Expand your signage portfolio and capture additional projects by partnering with Gemini, one of the industry's leading resource for architectural, wayfinding and commemorative plaques made-to-order in a variety of forms and appearance solutions.

## CLASSIC TO CONTEMPORARY

Gemini is your premier resource to meet the growing demand for made-to-order precision tooled, cast, etched plaques and thin gauge plates. Sign makers, architects, monument builders and designers rely on Gemini's in-house, environmentally-friendly foundries to create impressive architectural signage, wayfinding solutions, commemorative and memorial monuments, and plates that provide engaging signage that last for decades.

## PRECISION TOOLED PLAQUES

Minimum Height/Width	Maximum Height/Width	Maximum Size*	Depth/Thickness	Application	Material

\*Depends on material and thickness

## ETCHED PLAQUES

Minimum Height/Width	Maximum Height/Width	Maximum Size*	Depth/Thickness	Application	Material
2"	72"	18 sq ft / 2,592 sq in (eg 36" x 72")	1/16", 1/8" and 1/4"	Indoor or Outdoor Use	Stainless Steel, Bronze, Brass & Aluminum

\*Depends on material and thickness

## THIN GAUGE PLAQUES

Minimum Height/Width	Maximum Height/Width	Maximum Size*	Depth/Thickness	Application	Material
1"	36"	5.75 sq ft / 828 sq in (eg 23" x 36")	.020", .025", .029", .040" & .050"	Indoor & Some Outdoor Use	Stainless Steel, Aluminum & Brass

\*Depends on material and thickness

## PLAQUES THAT ARE A CUT ABOVE

Precision tooled plaques with unique profiles and mounting options can be easily and permanently affixed to monument signs, or mounted to become the sign itself. Gemini offers advanced machining and finishing capabilities to realize any plaque design ambition in just days.

# PRECISION TOOLED PLAQUES

Exquisite detail in a raised-single level surface

Lead-free aluminum, bronze or brass alloys

Numerous textures, colors and finishes

Any size up to 40" x 64" in any fractional dimension

Industry-leading lead times

## PRECISION AND PERMANANCE

With Gemini's precision plaque tooling capabilities, even the most articulated logos and small lettering can be captured in crisp detail. Choose versatile, lighter weight aluminum or the distinctive looks of bronze or brass, all in earth-friendly, lead- and mercury-free alloys, to produce lasting communication designed to endure the toughest environmental conditions for decades. And there's no upcharge for distinctive borders and braille. With Gemini, these impressive artifacts are more affordable, faster and easier to produce than you think.

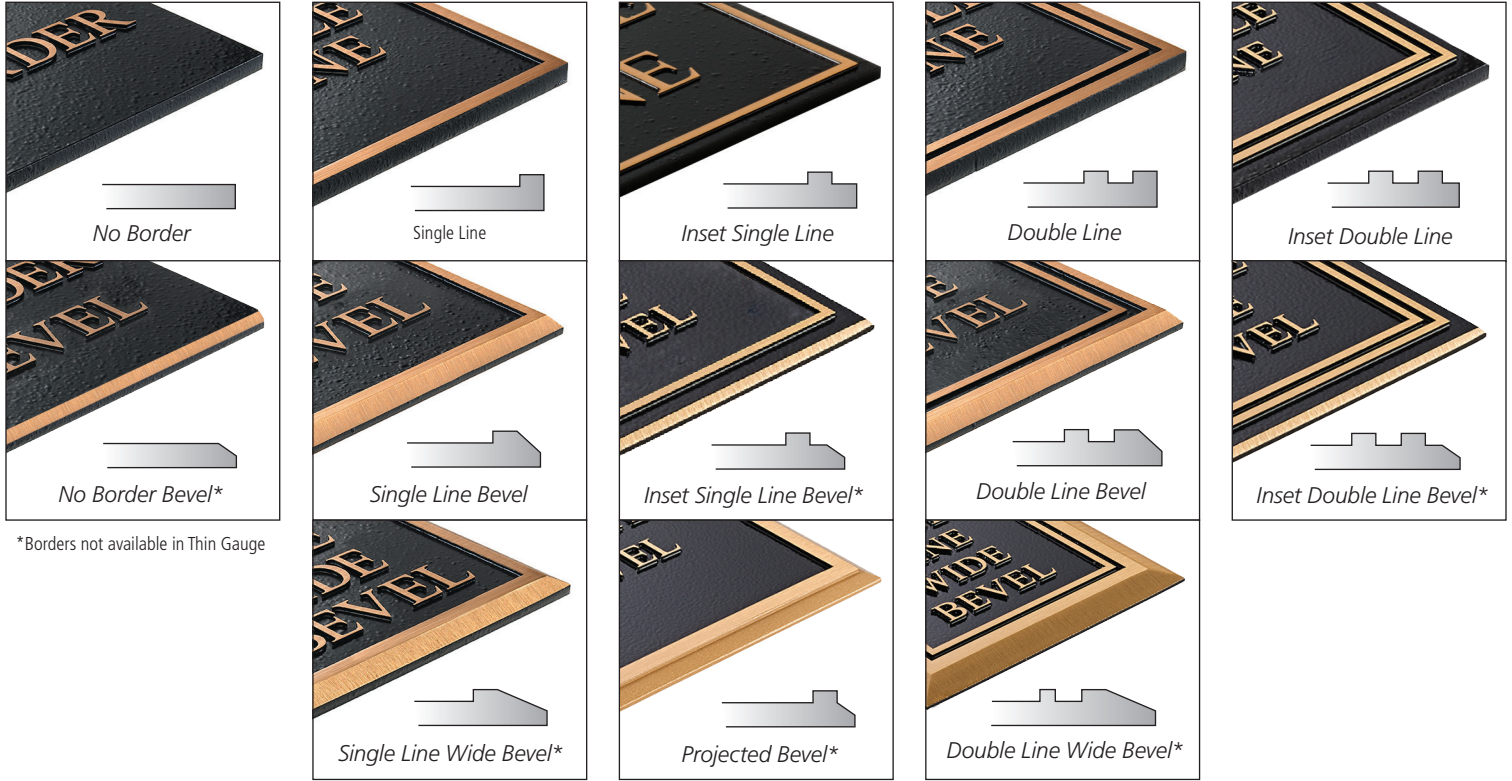

### WHEN ORDERING

PLEASE SPECIFY:

- Artwork & Critical Dimensions
- Material Selection
- Border Style
- Background Color & Texture
- Finish Selection
- Mounting Method

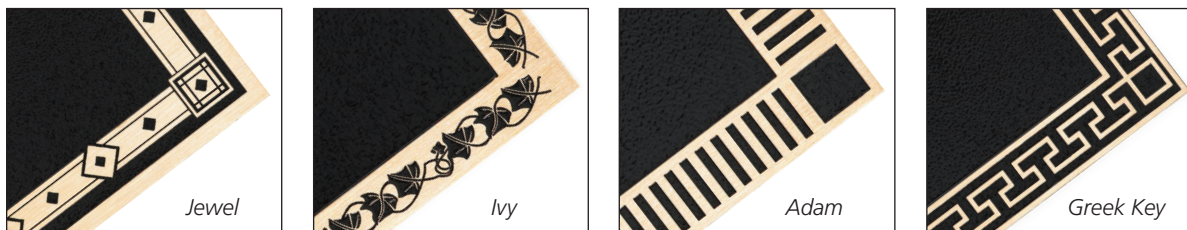

## Standard Borders

Border finish matches plaque copy. Other borders are also available. Email for a quote. (Illustrations not to scale) Edge color matches background color.

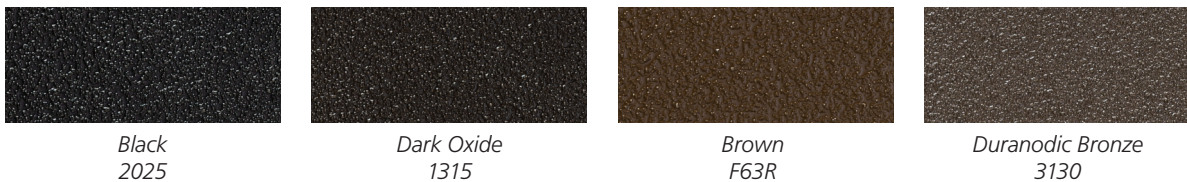

## Custom Borders

These precision tooled decorative borders are available for \$58. Other borders are also available. Please email for a quote.

## Most Common Background Colors

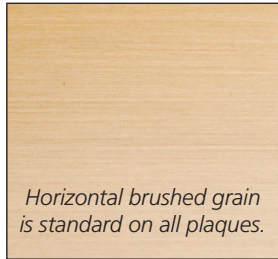

Other standard painted colors shown on page 222. Custom colors available (\$200 per color swatch match).

### Standard Finish Options

#### Brushed Finish

#### Edge Color

#### Clear Coat Options

Satin is standard on brushed finishes. Gloss is standard on polished finishes. Clear coat for harsh environments is also available upon request at no charge.

### Specialty Finish Options

#### Bronze Finishes

Oxidized finishes vary from order to order. Size limitations may apply.

Light Oxidized (+15%)

Oxidized (+15%)

Dark Oxidized (+15%)

Verde, Turquoise & Green Patina finishes available. Add 30% All patinas, by their very nature, will vary from plaque to plaque and order to order, and will change over time. Patina finishes may "bleed" onto the installation surface when installed outside.

#### Other Finishes

Flash Bronze (+15%)  
Interior Applications Only

Raised Painted Copy  
(Up to 2 additional colors  
- \$92per color)

**Multi-colored (4 colors or more)  
raised & recessed areas  
Email for quote**

#### Polished Finishes

Polished Bronze (+50%)

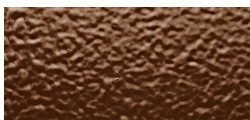

Polished Brass (+50%)  
Precision Tooled Only

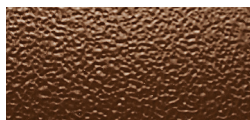

Polished Aluminum (+50%)  
Precision Tooled Only

### Bronze, Brass & Aluminum Background Textures

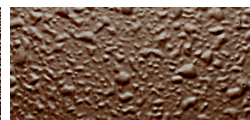

Leatherette

Stipple

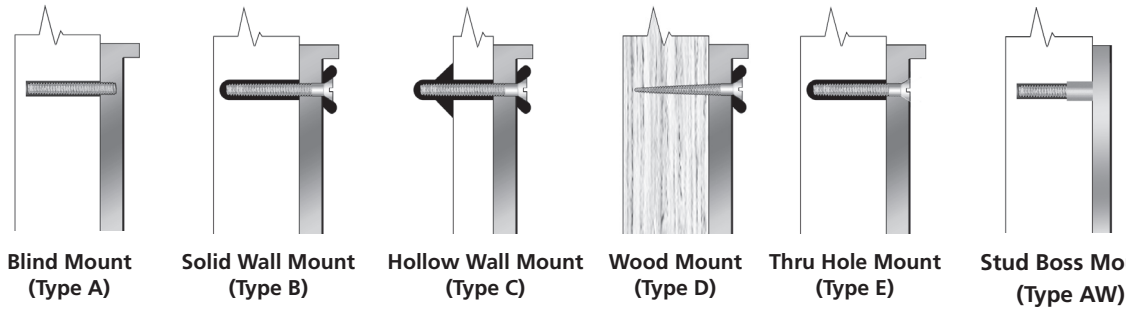

Sand

Pebble

## Surface Mounts

Plaques installed on stucco require spacers on studs. Installation tips can be found at GeminiSignage.com > Resources > Installation & Maintenance

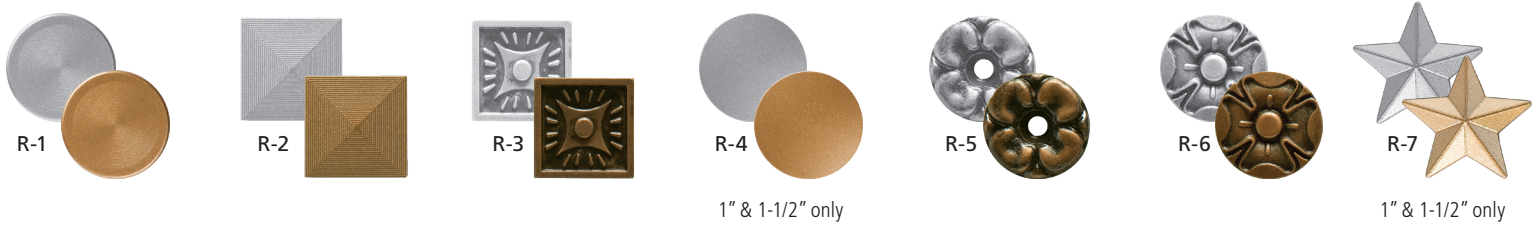

Drilled & Tapped

Plaques thinner than 1/4" can be stud mounted with welded stud bosses.

## Rosettes

Optional Rosettes are decorative covers for the screw heads, typically in each corner of bronze and aluminum plaques (included in price). Rosettes are available in 1/2", 3/4", 1" and 1-1/2" diameters. Rosettes with highlights are oxidized, aluminum rosettes are bead blasted. Screw heads are painted to match plaque background. Additional and replacement rosettes are \$27 each.

## Stake Mounts

### Garden Stake Mount (Type E)

Machine screws through 5/16" thick black anodized stakes into back of plaque. Maximum plaque size is 12" x 8" for one stake or 20" x 8" for two stakes. Minimum plaque height is 4"

### GARDEN STAKES

24"	\$104 ea.
36"	\$122 ea.
48"	\$144 ea.

### Post Mount (Type F)

Black painted aluminum brackets attach to back of plaque with machine screws. Aluminum square post bolts into bracket at a 45° or 90° angle. Plaques over 24" wide require two posts. 1" Post is on a 4" x 6" bracket. 1-1/2" Post is on a 5" x 7" bracket. 2" Post is on a 6" x 8" bracket.

### POST MOUNTS

For plaques up to 250 sq. in.	
6' x 1" Post	\$170
8' x 1" Post	\$227
For plaques up to 450 sq. in.	
6' x 1-1/2" Post	\$221
8' x 1-1/2" Post	\$294
For plaques up to 720 sq. in.	
6' x 2" Post	\$255
8' x 2" Post	\$340

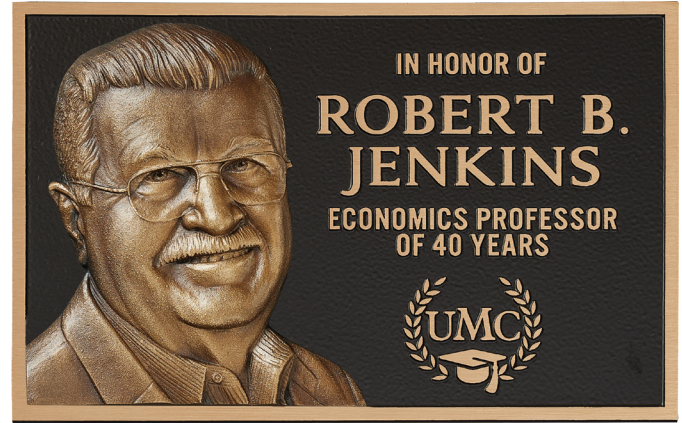

## Portrait & Image Options

### Bas Relief

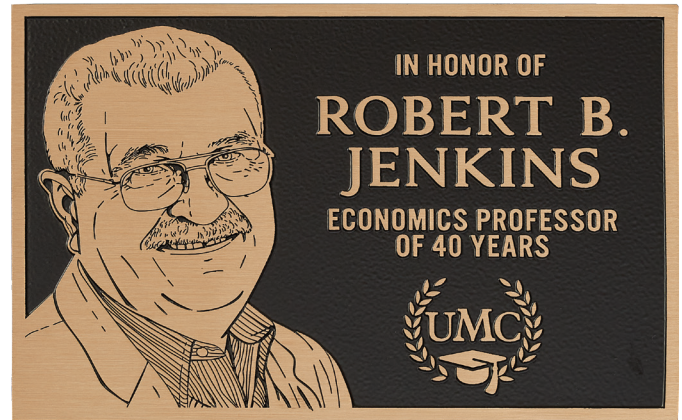

We start with a photograph. (Although we can use almost any quality photograph, the better the image, the better the modeling effort.) The finished image will be an artist's interpretation of your photograph. An image of the clay model is sent to you via email for your comments or approval. When approved, the clay model is used for the **cast bronze or aluminum** casting process. The bas relief is mechanically attached to the cast plaque background. Not available in Flash Bronze aluminum. (Standard overall height of 4" to 24" with a finished depth of 3/4" to 1". Price shown does not include the cost of the plaque)

SIZE	Single Head	Double Head
4"	\$1,905	\$2,657
6"	1,905	2,657
7"	1,905	2,657
8"	1,905	2,657
9"	1,905	2,657
10"	1,905	2,657
11"	2,062	2,867
12"	2,185	3,241
14"	2,594	3,372
16"	2,963	3,809
18"	3,248	4,230
20"	3,576	4,678
22"	3,902	5,077
24"	4,230	5,500

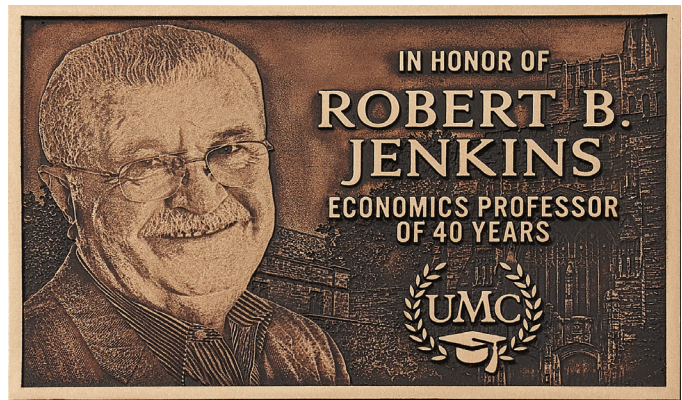

### Flat Relief

An economic alternative to the bas relief, Gemini's flat relief plaques are two-dimensional images that are part of a plaque. The process starts with a good quality photograph or illustration from which our artists create a black and white rendering. Suitable for interior or exterior applications, they perfectly fit the bill when your plaque requires a portrait but the budget won't allow for bas relief. Up to 10" - \$443. Larger than 10", email for quote. Level of detail will be based on size and preference. Price shown does not include the cost of the plaque.

### PhotoRelief™

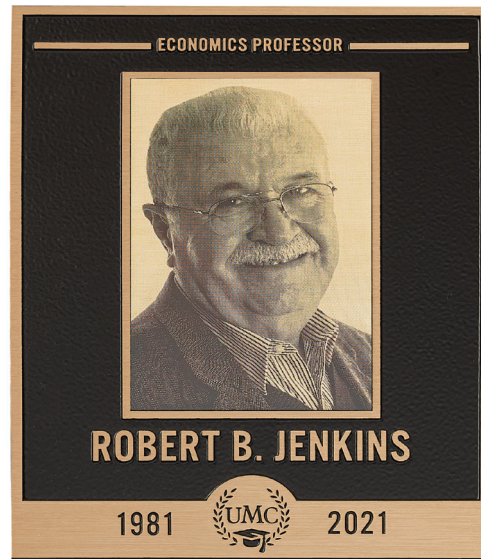

A seamless blend of casting and photography, PhotoRelief™ is perfectly suited for unique signage, historical markers, or any plaque that needs to tell a story with words and pictures. Through Gemini's innovative technologies, we can use one or more photographs to create a simple and elegant plaque or a breathtaking collage that illustrates the saying "a picture is worth a thousand words." (High quality / resolution photo required) Up to 36" x 24". Additional lead time may apply.

*PhotoRelief Pricing: page 257*

### Etched Portrait on Metal

The etching process allows you to forever replicate your photograph, line drawing or complex artwork in beautiful detail. This method utilizes a halftone dot pattern made from a 50-line screen. Halftone portraits resemble newspaper photographs, and have visible dot patterns. The etched, recessed dots are filled with black paint to contrast with the brushed finish of the metal background. The best photographs for halftone etched portraits have high contrast tones with bright white areas, dense black areas and minimal gray tones. (Photos that are monotone or have muted colors will produce poor halftone etchings.) Halftone etchings are available in **stainless steel, bronze and brass**. Up to 10" - \$449 - Larger than 10", call or email for quote. Price shown does not include the cost of the plaque

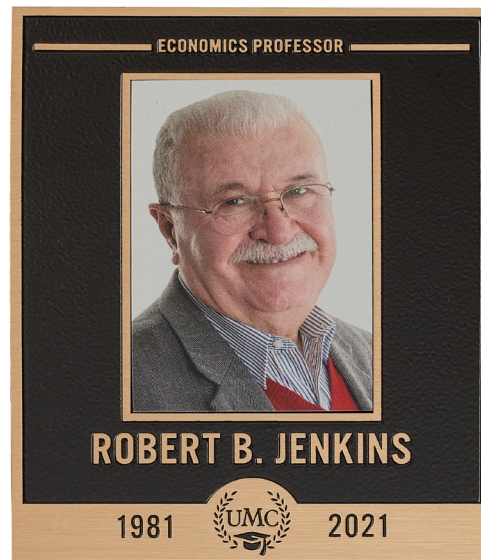

### UV Print Insert

Gemini can apply your images as inserts into your architectural plaques. Our hi-resolution printers render UV-cured, non-elastic inks at up to 1200 dpi.

The combination of our high-resolution printing and premium base materials results in a picture perfect product that is excellent for all indoor applications and even some exterior ones.

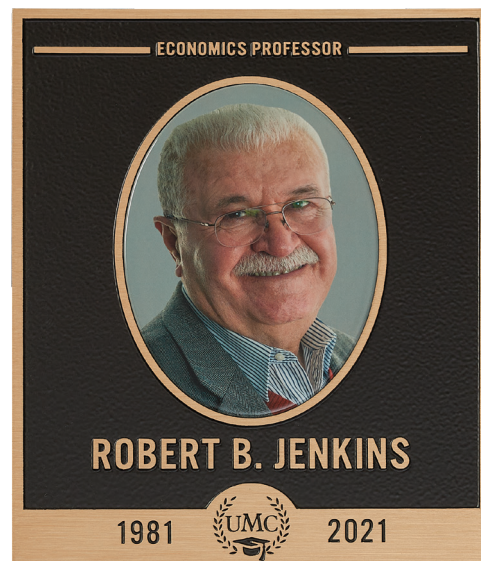

Up to 10" x 10" - \$104.

### Oval & Rectangular Ceramic Inserts

A standard-sized blank base with a full-color digital transfer applied to the blank. Additional lead time may apply.

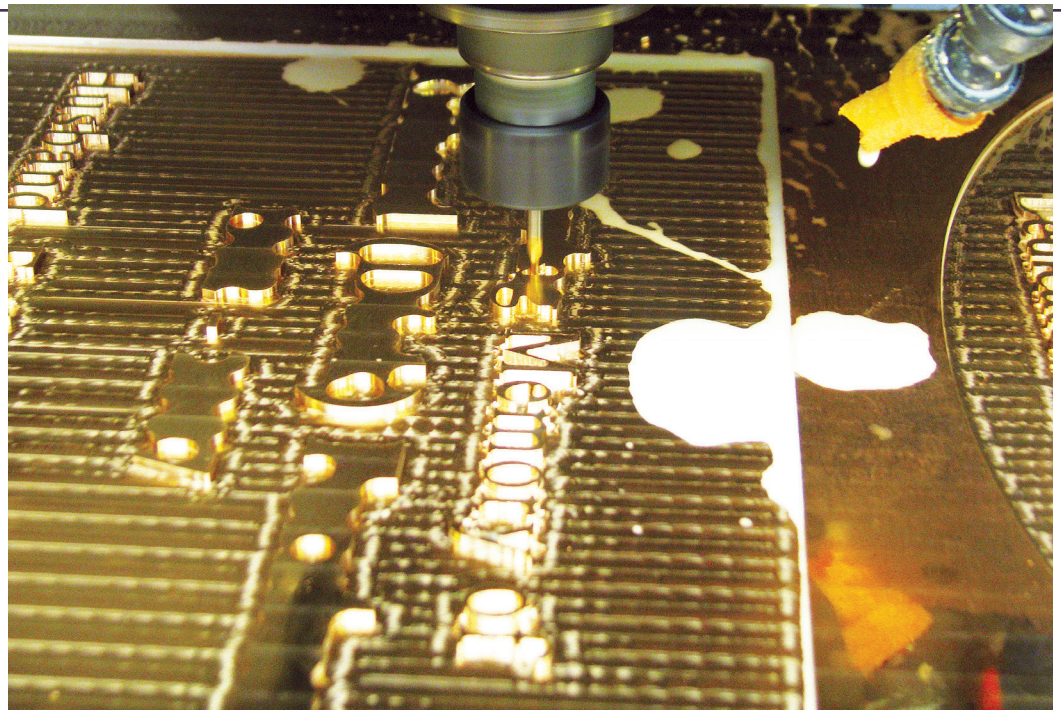

SHAPE	SIZE	PRICE	SHAPE	SIZE	PRICE
Rectangle	2.3" X 3.1"	\$428	Oval	2.3" x 3.1"	\$395
Rectangle	2.7" x 3.5"	431	Oval	2.7" x 3.5"	398
Rectangle	3.1" X 3.9"	431	Oval	3.1" x 3.9"	398
Rectangle	3.5" X 4.7"	433	Oval	3.5" x 4.7"	400
Rectangle	4.3" x 5.9"	456	Oval	4.3" x 5.9"	420
Rectangle	5.1" x 7.1"	480	Oval	5.1" x 7.1"	443
Rectangle	7.1" x 9.4"	673	Oval	7.1" x 9.4"	620

# Precision Tooled Bronze Pricing

The tables on these pages show base pricing for our precision tooled brushed finish bronze plaques. Use the information below to calculate the price for any specialty features. For questions and custom quotes, please email [Plaques@GeminiMade.com](mailto:Plaques@GeminiMade.com)

## Included With Your Order

- Custom Size & Shape
- Standard Border & Brushed Finish
- One Standard Background/Edge Color
- One Artwork Proof
- Appropriate Packaging

## Additional Options

- Garden Stake Mount
  - 24" stake = \$104
  - 36" stake = \$122
  - 48" stake = \$144
- Post Mount
  - 1" x 6' = \$170
  - 1" x 8' = \$227
  - 1.5" x 6' = \$221
  - 1.5" x 8' = \$294
  - 2" x 6' = \$255
  - 2" x 8' = \$340
- Mounting Patterns
  - Up to 12" = \$19
  - 13" - 23" = \$39
  - 24"+ = \$59
- Custom Border \$58
- Up to 2 additional paint colors \$92/color
- Polished Face +50%
- Polished Bevel Edge +20%
- Double-sided plaques +125%

## TIMELESS TRIBUTES

The sculpted, artistic qualities of casting cannot be matched by any other process. Gemini's artisans can transform 2D designs and images into realistic, dimensional and life-like impressions, producing timeless tributes that stand beautifully for generations.

# CAST PLAQUES

Integral sculpting and background textures

Greater depth & dimension

Sizes up to 96" circular diameter

Multiple castings of identical plaques offer discounts

Greater selection of border styles and mounting options

## SCULPTED WORKS OF ART

Metal casting is a 6,000-year-old art form that has stood the test of time. Our artisans sculpt molds that reflect a 3-dimensional expression of your artwork and manually pour molten bronze or aluminum from our nonpolluting electric foundry furnaces to produce a timeless, durable, one-piece work of art that is hand finished to exquisite results. Choose Gemini cast plaques for your projects that require a sculpted, multi-level surface, including faithful portrayals of people, images, scenes, and dimensional seals that will be forever immortalized in a timeless expression.

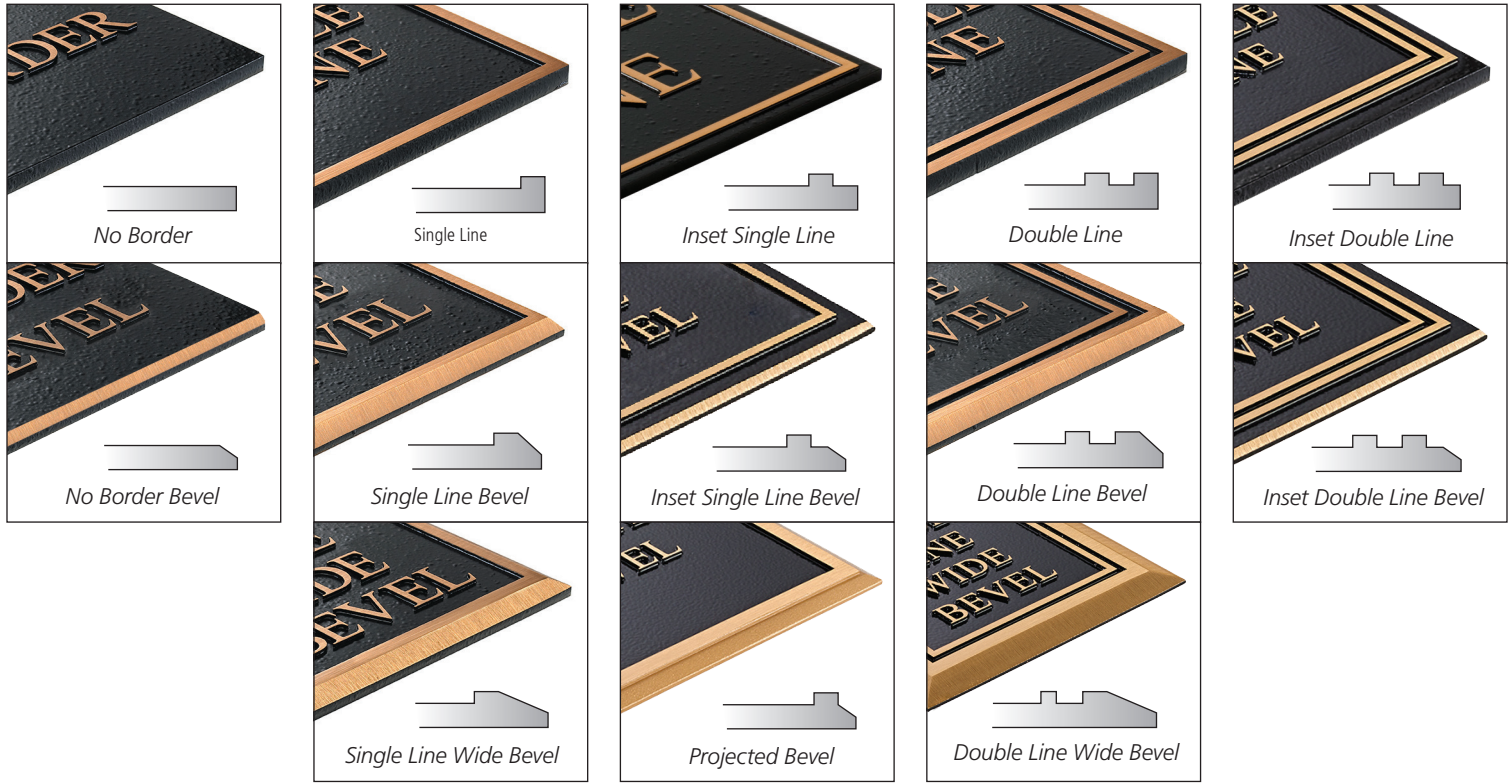

### WHEN ORDERING

PLEASE SPECIFY:

- Artwork & Critical Dimensions
- Material Selection
- Border Style
- Background Color & Texture
- Finish Selection
- Mounting Method

## Standard Borders

Border finish matches plaque copy. Other borders are also available. Email for a quote. (Illustrations not to scale) Edge color matches background color.

## Custom Borders

Cast sculpted borders available: \$4.90/linear inch

## Most Common Background Colors

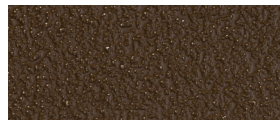

Custom colors available (\$200 per color swatch match). Other standard colors - page 265.

Black  
2025

Dark Oxide  
1315

Brown  
F63R

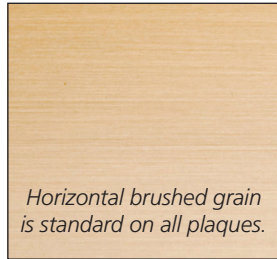

Duranodic Bronze  
3130

## Standard Finish Options

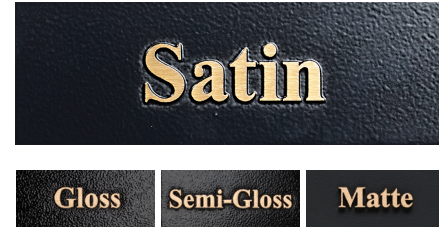

### Brushed Finish

### Edge Color

### Clear Coat Options

Satin is standard on brushed finishes. Gloss is standard on polished finishes. Matte is standard on PhotoRelief™. Clear coat for harsh environments is also available upon request at no charge.

## Specialty Finish Options

### Bronze Finishes

Oxidized finishes vary from order to order. Size limitations may apply.

Light Oxidized (+15%)

Oxidized (+15%)

Dark Oxidized (+15%)

Verde, Turquoise & Green Patina finishes available. Add 30% All patinas, by their very nature, will vary from plaque to plaque and order to order, and will change over time. Patina finishes may "bleed" onto the installation surface when installed outside.

### Other Finishes

Flash Bronze (+15%)  
Interior Applications Only

Raised Painted Copy  
(Up to 2 additional colors  
- \$92per color)

**Multi-colored (4 colors or more)  
raised & recessed areas  
Email for quote**

### Polished Finishes

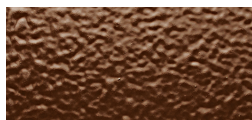

Polished Bronze (+50%)

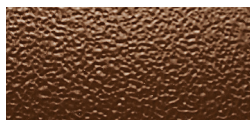

Buffed Aluminum (+50%)

## Bronze, Brass & Aluminum Background Textures

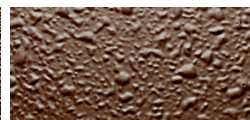

Leatherette  
(max. dimension 84")

Stipple  
(max. dimension 84")

Sand

Pebble

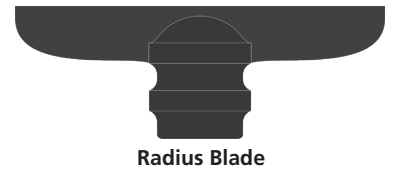

Classic Leather  
(28" x 48" max.)

## Post Mounts

### Post Cap Mount (Type R)

Cast as part of an aluminum or bronze plaque, the post cap mount is designed to fit on 1-1/2", 2" or 3" ID schedule 40 posts. Available on almost any custom plaque, single or double-sided, up to 30" x 30" - 1/2" deep. Post are provided either galvanized or painted the plaque background color. Radius blade is standard (shown), angle and ogee blades also available. Add the pricing from the table below to your plaque price.

Max. Plaque Size	Blade Width	Post Cap Height	Post Cap I.D.	Schd. 40 Pipe I.D.	Post Cap Only	With 7' Post	With 8' Post	With 9' Post	With 10' Post
16" x 24"	10"	3-1/2"	2"	1-1/2"	\$257	\$431	\$519	\$604	\$693
24" x 30"	12"	4-3/4"	2-1/2"	2"	309	543	662	777	892
30" x 30"	18"	6-1/2"	3-5/8"	3"	358	709	1,000	1,207	1,583

(9' and 10' post ship truck only)

### Square Post Side Mount

The square post side mount is meant to provide a free standing plaque mount for plaques over 900 sq. in. Copy can be applied to front and back. For plaques with front copy only, the backs will be finished. Using two steel posts that are 4" x 4", plaques up to 36 sq ft can be free standing mounted. The square post side mount is a complete mounting system that ships with the plaque and includes the posts and hardware necessary for install. Assembly only requires common hand tools and can be done at the job site. Add the pricing from the table below to your plaque price. Cast plaques only.

Post Size	Max. Plaque Size	With 8' Posts
2" x 2"	1,512 sq/in	\$1,145
3" x 3"	2,160 sq/in	\$1,409
4" x 4"	5,040 sq/in	\$1,862

### Square Post Back Mount

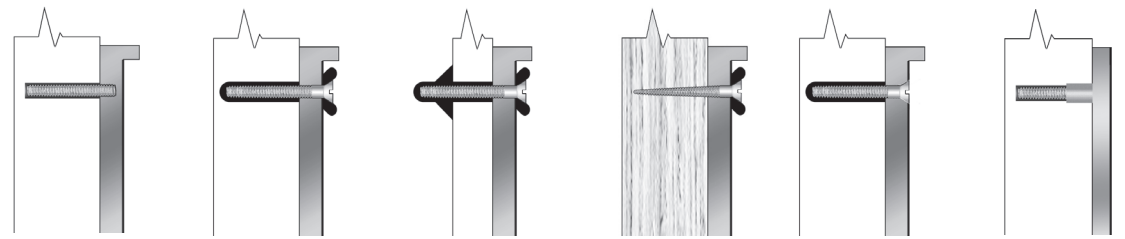

The square post back mount is meant to provide a free standing plaque mount for single sided applications. Using two or three steel posts that are 3" x 3" or 4" x 4", plaques up to 36 sq ft can be free standing mounted. The square post back mount is a complete in-ground mounting system that ships with the plaque and includes the posts and hardware necessary for install. Optional base plates for surface mounting are available. Assembly only requires common hand tools and can be done at the job site. Add the pricing from the table below to your plaque price.

Post Size	Max. Plaque Size	With 8' Posts
2" x 2"	1,512 sq/in	\$634
3" x 3"	2,160 sq/in	\$900
4" x 4"	5,040 sq/in	\$1,171

## Surface Mounts

Plaques installed on stucco require spacers on studs. Installation tips can be found at GeminiSignage.com > Resources > Installation & Maintenance

**Thru Hole Mount (Type E)**

**Stud Boss Mount (Type AW)**

Drilled & Tapped

Plaques thinner than 1/4" can be stud mounted with welded stud bosses.

## Rosettes

Optional Rosettes are decorative covers for the screw heads, typically in each corner of bronze and aluminum plaques (included in price). Rosettes are available in 1/2", 3/4", 1" and 1-1/2" diameters. Rosettes with highlights are oxidized, aluminum rosettes are bead blasted. Screw heads are painted to match plaque background. Additional and replacement rosettes are \$27 each.

1" & 1-1/2" only

1" & 1-1/2" only

## Stake Mounts

### Garden Stake Mount (Type E)

Machine screws through 5/16" thick black anodized stakes into back of plaque. Maximum plaque size is 12" x 8" for one stake or 20" x 8" for two stakes. Minimum plaque height is 4"

### GARDEN STAKES

24"	\$104 ea.
36"	\$122 ea.
48"	\$144 ea.

### Post Mount (Type F)

Black painted aluminum brackets attach to back of plaque with machine screws. Aluminum square post bolts into bracket at a 45° or 90° angle. Plaques over 24" wide require two posts. 1" Post is on a 4" x 6" bracket. 1-1/2" Post is on a 5" x 7" bracket. 2" Post is on a 6" x 8" bracket.

### POST MOUNTS

For plaques up to 250 sq. in.	
6' x 1" Post	\$170
8' x 1" Post	\$227
For plaques up to 450 sq. in.	
6' x 1-1/2" Post	\$221
8' x 1-1/2" Post	\$294
For plaques up to 720 sq. in.	
6' x 2" Post	\$255
8' x 2" Post	\$340

# Cast Bronze Plaque Pricing

The tables on these pages show base pricing for our cast brushed finish bronze plaques. Use the information below to calculate the price for any specialty features. For questions and custom quotes, please email [Plaques@GeminiMade.com](mailto:Plaques@GeminiMade.com)

## Included With Your Order

- Custom Size & Shape
- Standard Border & Brushed Finish
- One Standard Background/Edge Color
- One Artwork Proof
- Appropriate Packaging

## Additional Options

- Garden Stake Mount
  - 24" stake = \$104
  - 36" stake = \$122
  - 48" stake = \$144
- Post Mount
  - 1" x 6' = \$170
  - 1" x 8' = \$227
  - 1.5" x 6' = \$221
  - 1.5" x 8' = \$294
  - 2" x 6' = \$255
  - 2" x 8' = \$340
- Mounting Patterns
  - Up to 12" = \$19
  - 13" - 23" = \$39
  - 24"+ = \$59
- Custom Border \$58
- Up to 2 additional paint colors \$92/color
- Polished Face +50%
- Polished Bevel Edge +20%
- Oxidized finish +15%
- Patina finish +30%

## How to Use These Tables

Prices shown are for one plaque with a brushed finish, standard border and background color. For special sizes not shown, use the next largest plaque price. For example, a 17" x 30" plaque would be priced as 18" x 30". For duplicate cast plaques on a single order (up to 40" x 64" maximum size) email for review on pricing.

### Pricing Example

- 30" x 17" Plaque
- Price as 30" x 18"

\$2,505 list price

Lead-free Alloy C90300  
"Navy G"

Our bronze alloy is

## PhotoRelief™

Through Gemini's innovative technologies, we can use one photograph or several to create a simple and elegant plaque or a breath-taking collage that illustrates the saying, "a picture is worth a thousand words".

There are several different options available in aluminum and bronze PhotoRelief plaques. All bronze plaques are highlighted using Gemini's oxidizing technologies to bring out the contrast in the images selected. If Aluminum is selected as the base material, a two-part acrylic polyurethane paint wash is used to enhance the contrast between recessed and highlighted areas. Not available in Flash Bronze aluminum. Additional lead time needed for PhotoRelief plaques.

**How to Use These Tables**

Prices shown are for one plaque with a brushed finish, standard border and background color. For special sizes not shown, use the next largest plaque price. For example, a 17" x 30" plaque would be priced as 18" x 30". For duplicate cast plaques on a single order (up to 40" x 64" maximum size) email for review on pricing.

**Pricing Example**

- 30" x 17"
- Price as 30" x 18"

\$1,413 list price

Alloy #356

Flash Bronze (+15%)  
Interior Applications Only

**STANDARD DEPTHS:**

- Less than 324 sq. inches = 5/16" Depth
- 324 - 575 sq. inches = 1/2" Depth
- 576 - 1,295 sq. inches = 3/4" Depth
- Over 1,295 sq. inches = 1" Depth

#### CAST GOVERNMENT SEALS INCLUDE:

- Army
- Navy
- Marines
- Air Force
- Coast Guard
- Merchant Marines
- Department of Homeland Security
- POW / MIA
- Department of Veterans Affairs
- Space Force

#### GOVERNMENT SEALS

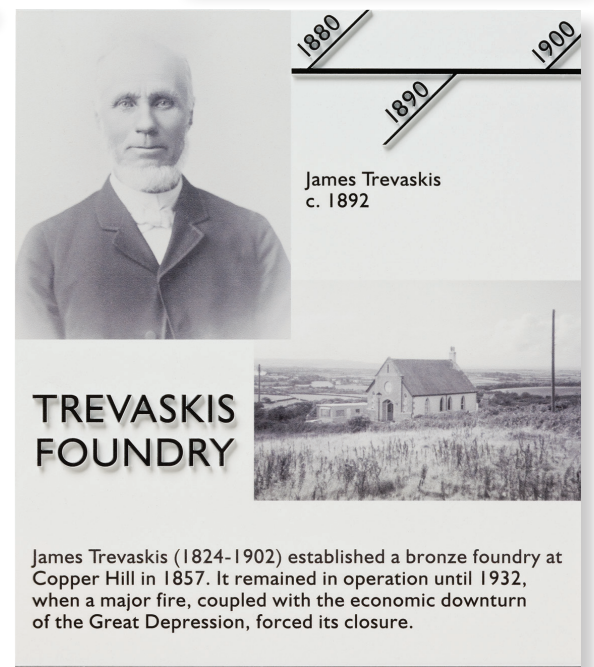

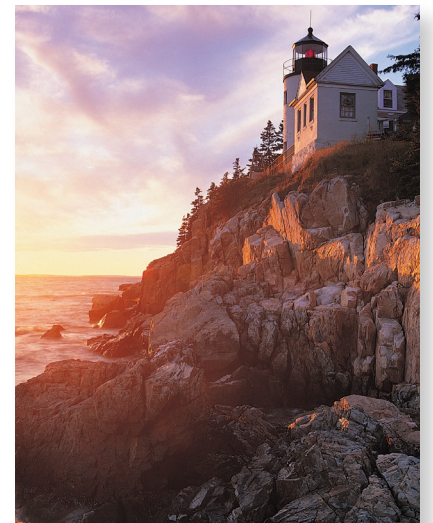

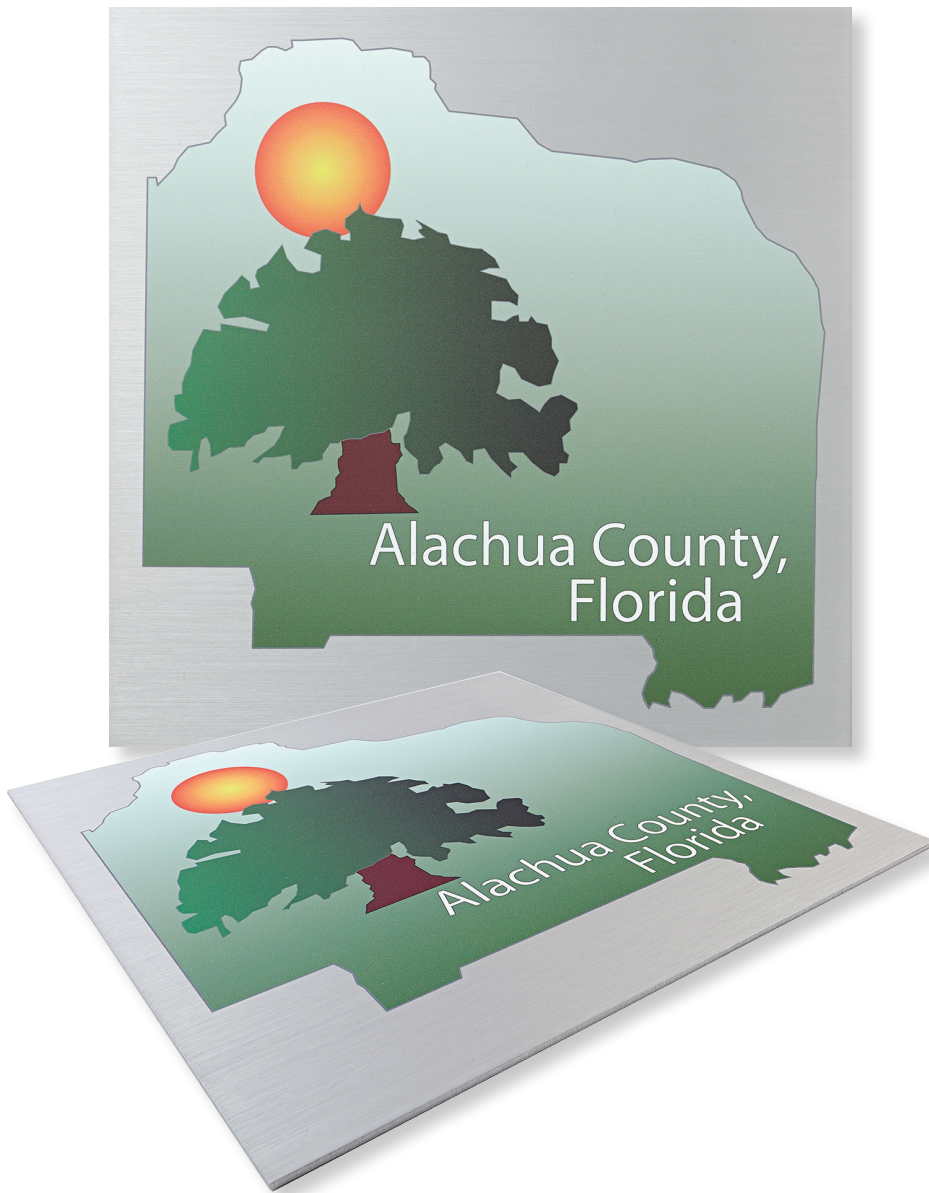

When you order government seals from Gemini, we are of the understanding that you have all the required rights in place for us to produce your project as requested.

## UV Printing

For use in wayfinding where Braille or raised copy is not required, these panels have your 1200 dpi full-color image printed on aluminum, brass, bronze or stainless steel — simply choose your material, thickness and shape, and supply a high-quality image. Gemini warrants these products for interior use, although they will last under most moderate weathering conditions. Email [Plaques@GeminiMade.com](mailto:Plaques@GeminiMade.com) for quote.

## Custom ADA Plaques

A truly custom product should not be placed in a cookie cutter shape. Gemini gives you the option to design not only the image and color of your ADA solutions, but also the overall shape of the individual plaques. Even within ADA constraints, Gemini's custom capabilities provide a flexible array of design possibilities. We welcome your custom designs for different colors, patterns, sizes and special features that can all be combined to create room identification signs that are functional and compliant, while coordinating attractively with interior finishes. ADA plaques can be priced using the Precision Tooled pricing or email [Plaques@GeminiMade.com](mailto:Plaques@GeminiMade.com) for quote.

## Standard ADA Plaques

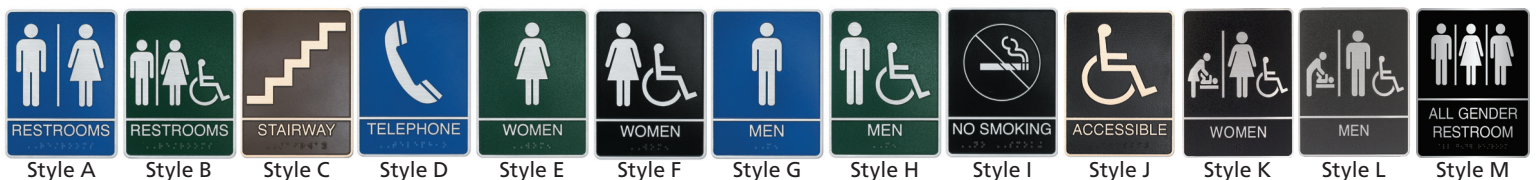

Gemini ADA directional signage offers beauty, style and compliance. Plaques are available in the standard 7" x 8.5" x 0.25" size and design, with a stipple or sand background, or in your own custom design. Don't let ADA signage requirements be an eyesore — order solid aluminum, bronze and brass ADA-compliant plaques from Gemini. Unlike other ADA-compliant products, Gemini's patent-pending process does not use loose beads for the Braille component or rely on imperfect, non-compliant castings.

SIZE	ALUMINUM	BRONZE	BRASS
7" x 8.5" x .25"	\$145	\$277	\$277

For indoor applications, double face tape can be substituted at no additional charge.

California ADA also available. Email for a quote.

ADA: stipple or sand backgrounds only

# Beveled Edge Plaque Frames

Enhance any Gemini plaque or your own 1/8" thick plaque or panel with our plaque frames. These frames come in 14 common sizes. Frames are stocked in white and available in any standard baked enamel color. We use CAB (cellulose acetate butyrate) plastic, a non-petroleum-based plastic that is a renewable resource, as the base material. Suitable for interior or exterior use. Recommend adhesive or D/F tape to affix plaque or engraving plate to frame.

**NEW! Need a finished engraved or sublimated sign?**

Email: [Plaques@GeminiMade.com](mailto:Plaques@GeminiMade.com)

## Cast Aluminum Plaque Blanks

Aluminum plaques with raised double border and recessed area to accommodate an engraving plate (available separately), cast by Gemini and ready to ship within days. Available with integral bracket for rod mount or with through-hole mount (including screws), they are manufactured in four different sizes. These plaques are a low-cost option to satisfy customers that require an all-metal plaque.

Our blanks are cast with aluminum alloy 356, painted and baked, then sealed with acrylic polyurethane.

Flash Bronze not recommended for exterior use.

# THE BLAKE SCHOOL 1900

Through the leadership of the Board of Trustees, the inspired creative vision of James Dayton, the heartening generosity of parents, alumni, and friends, and, because of the extraordinary duo of Beth Hower and Julie Yang, who kept us focused on our students — the completion of Highercroft's expansion and renovation has become a reality. To all who were involved in this project, I thank you on behalf of all Blake students and their parents, both those enjoying the fruits of this project today and those who will enjoy this new building in the generations to come.

John C. Gulla, Head of School

## VERSATILE AND ELEGANT

With etched metal plaques from Gemini, you can easily produce custom signage in distinctive metals from original artwork, with nearly limitless possibilities and detail. Common applications include interior and exterior wayfinding, brand and identity signage, awards, and recognition plaques.

1.877.877.2922

# ETCHED PLAQUES

Reproduce complex  
art on metal

Stainless steel,  
bronze, brass &  
aluminum

4 material thicknesses  
to choose from

Sizes up to 36" x 72"

## PRECISION DETAIL, ARTISTIC FREEDOM

Gemini's chemical etching is a proprietary process that allows us to transfer your most complex artwork to a brass, bronze or stainless-steel surface. Your text and the most fine-detailed line-art graphics are surface etched with incredible results, producing a recessed area of the material surface that is paint-filled with your choice of colors. Etched photos are created with halftone images, which resemble newspaper photographs with visible dot patterns. The dots are filled with black paint to contrast with the brushed metal finish.

### WHEN ORDERING

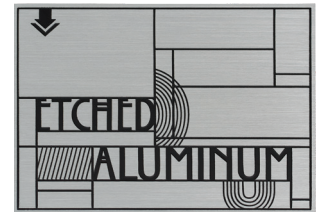

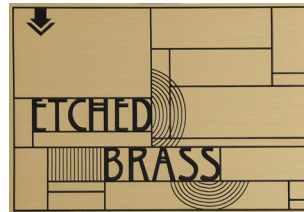

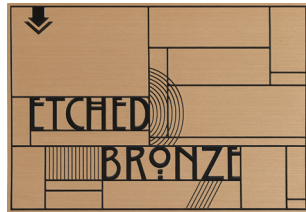

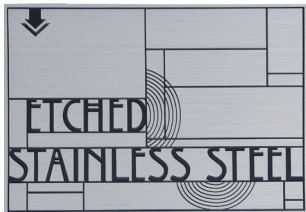

PLEASE SPECIFY:

- Artwork & Critical Dimensions
- Material & Thickness
- Paint Fill Color
- Finish Selection
- Mounting Method

## SIGNAGE ETCHED INTO EXPERIENCES

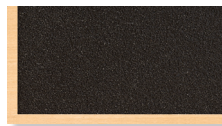

### Alloys:

### Most Common Background Colors:

Black - 2025

Dark Oxide - 1315

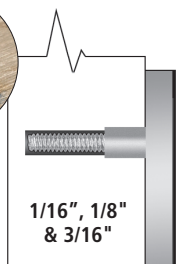

Brown - F63R

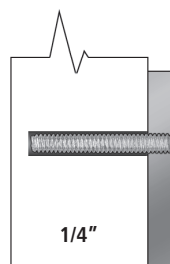

Duranodic Bronze - 3130

Image of welded boss

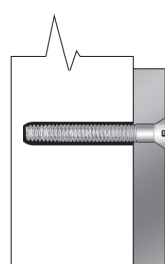

(welded stud boss)

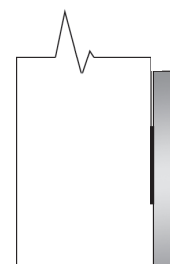

(drilled & tapped)

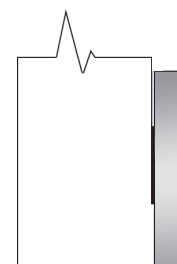

Blind Stud Mount

Through-hole Mount

Double Face Tape

Plain

### Raised or Recessed Graphics:

The standard on all Gemini etched plaques is recessed text and graphics that are paint-filled. Raised text or graphics means the background will be painted, leaving the text or graphics in the alloy color. (There are stroke and artwork limitations with raised graphics.)

**Recessed Graphics  
(Standard)**

**Raised Graphics  
(Optional +10%)**

### Edges:

**SQUARE EDGE (STANDARD):**  
The standard edge on an etched plaque is a straight edge (90°).

**BEVEL EDGE (+10%):**  
A 41° bevel is applied to the edge at one-half the material thickness. Bevel edges are not available on 1/16" thick material.

Edge color matches fill color.

### LINE ART & PHOTOGRAPHY:

A sketch or drawing can be etched with fabulous results by reproducing a black and white line drawing. Since no halftone screen is used in the process, the fine lines are expertly captured in exquisite detail. (Please email for a quote.) Etched photos are created with halftone images, which resemble newspaper photographs and have visible dot patterns. The dots are filled with black paint to contrast with the brushed metal finish. High contrast photographs work best for etched images up to 24" x 24".

# Etched Stainless Steel and Aluminum

The tables on these pages show base pricing for our etched plaques. Pricing includes a brushed finish and single-color fill. For questions, larger sizes or custom finishes, please email [Plaques@GeminiMade.com](mailto:Plaques@GeminiMade.com)

### PRICING NOTES:

- **Halftone Photographs & Complex Line Art** – For halftone photograph up to 24" x 24" or complex line art add a minimum of \$179; please email for a quote. Not available in aluminum
- **Artwork** – Art charges will be billed for any cleanup required to produce a satisfactory etched product.
- **Custom Color Match** – Add \$200 for each custom color swatch match. We require at least a 3" x 3" sample of the color.
- **Multi-color Paint Fill** – Add \$92 per color (up to 2 colors) additional colors email for quote.
- **Polished Finish** – Available only on recessed copy plaques; add 60%. Not all plaques may be polished. Size limitations may apply. Please email for a quote.
- **Random Orbital** – Add 30%. (recessed copy plaques only)
- **Oversize shipping** – will apply to plaques with a single dimension 36" and larger.

## FUNCTIONAL ALLURE

When you need economical, lightweight metal plaques or plates with customized and colorful artwork for interior applications, Thin Gauge Plates from Gemini are just what you're looking for.

# THIN GAUGE PLAQUES

Stainless steel, brass  
or aluminum

Etched, printed or  
sublimated

Multiple thicknesses  
to choose from

Sizes up to 23" x 36"

Industry leading  
production

## AFFORDABLE STYLE FOR INTERIOR APPLICATIONS

Thin Gauge Plaques from Gemini are the ideal solution for custom etched interior signage, wayfinding, name tags, product plates and sequential identifiers such as room or locker numbers. This solution affordably accommodates large volume applications in ways that bring uniformity and style to any interior environment. Like many of Gemini's other plaque products, Thin Gauge Plaques let you choose from a variety of rich alloys and finishes, but with the added versatility of multi-color paint fills, printing, and sublimation to support a wide variety of applications.

### WHEN ORDERING

PLEASE SPECIFY:

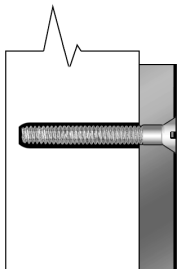

- Artwork & Critical Dimensions
- Material & Thickness
- Paint Fill Color
- Finish Selection
- Thru Hole or Tape Mount

## AFFORDABILITY IS BEAUTIFUL

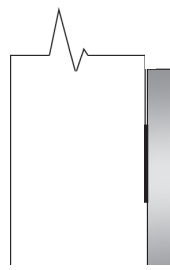

### Beauty that doesn't break the bank.

Are you looking for an affordable option that still has a high-quality feel? Thin gauge plaques offer an economical solution for interiors. Like our other plaque options, they offer classic, durable elements in a variety of finishes and mounting options. Thin gauge plaques do not have finished returns and are not available with stud mounts. They are available with the options for holes or adhesive backs for mounting.

**Thru-hole**

Two or four thru-holes in 1/16, 1/8 or 3/16" diameters (Hardware not included)

**Double Face Tape**

2mil thick tape included in cost (interior use only)

**Minimum and Maximum Height:** 1" – 36"

**Max Size (if applicable):** 5.75 sq ft / 828 sq in (eg 23" x 36")

**Depth(s):** .020", .025", .029", .040" & .050"

**Indoor Only:** Brass, Printed Aluminum & DynaSub

**Indoor or Indoor/Outdoor:** Stainless steel, anodized aluminum & DuraLuxe

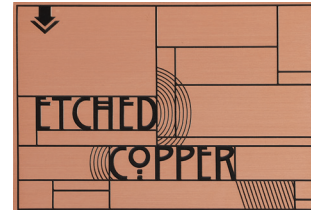

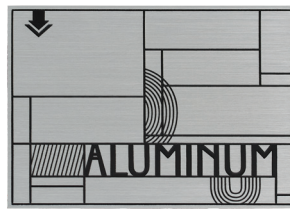

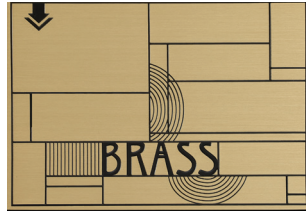

**Material(s):** Stainless steel, brass copper, nickel silver, or aluminum

**Common applications:**

- Interior and (some) exterior wayfinding
- Sequential identifications
- Name tags
- Large volume needs

Most thin gauge plaques should be used indoors. For outdoor applications, consider the Duraluxe, stainless steel and anodized aluminum.

**Alloys:** (Also Nickel Silver)

**Finishes:**

Etched & Color-filled

Etched & Frosted

Etched & Antiqued

Sublimated / DuraLux

Printed

**Corner Shapes:**

Square

Rounded

1/8", 3/16" or 1/4" radius

Clipped

Inverted

1/8", 3/16" or 1/4" radius

**Screen Print Colors:**

Standard screen print and etch fill colors are shown below. These are approximate color references. Color may vary depending on substrate color and finish.

Exterior Signage

## What do you mean by lifetime guarantee?

Gemini guarantees all of its exterior products for life. This means that should any Gemini produced product fade, break or contain any defect, we will refinish or replace the defective materials at no cost to you, as long as they are installed on their original location.

Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use of or the inability to use the product.

Keep in mind that all exterior letters will require some maintenance to retain their original luster. All plastic and metal letters should be periodically cleaned with a good dish soap and water to remove any dirt or pollutants gathered from the environment. Should the face of a metal letter get scratched, the polyurethane coating can be revitalized using a good car wax.

## What is your return policy?

Most Gemini products are custom made to order for specific customers. But as a service to you, we may offer a credit up to 50% of the original net price, up to \$500. Should you need to return any goods that were ordered in error, canceled by the end user, or not needed. All you do is call for an RMA (Return Material Authorization) number, and return at least one half of the product, to the appropriate plant, as given to you when you call. You do pay the freight for the return.

## Does Gemini's Guarantee cover letters installed in harsh environments?

Yes. As stated in Gemini's warranty statement—Gemini will replace or rework all Gemini exterior rated products that fail in the field, but not cover your costs of removal, reinstallation, or any subsequent work done on the sign mounting surface. Therefore, it is important to keep the sign's environment in mind when selecting the material and finish of letters that will be placed there.

Gemini has a wide range of products that stretch from the most stable in UV and chemical resistance (Formed Letters, Anodized Aluminum, and Painted products) to the most susceptible to failure when placed in harsh environments (Polished Brass, Brushed Aluminum, and Laminated Letters).

Impact resistance is also an issue when examining the regular wear and tear that may be present on a sign. Letters made from acrylic are always more prone to breakage than those made from CAB (Formed Plastic, Minnesota Letters) or metal.

Despite our best aluminum alloys, powder coats, and finishing techniques—aluminum remains extremely reactive and will degrade when placed in an area with moderate UV exposure and harsh chemical or excessive moisture contact. The only way to ensure that aluminum letters do not corrode is to anodize the surface of the letter.

## What art files can I send in for quotes or orders?

Gemini's systems are IBM compatible. The best files to send us are Illustrator (.ai, .eps or .pdf), Corel (.cdr), Gerber (.plt), Flexi (.fs), or Signlab (.eps). We can also convert Mac EPS files.

Please be sure to convert to "curves" or "paths" before sending. Be sure to clearly identify your company name, phone number and reference any quotation number you may have received. Large files (over 10MB) can be uploaded by going to [www.GeminiSignage.com](http://www.GeminiSignage.com) and login to the Partner Portal.

## How will my order be delivered?

Most orders will ship via UPS ground, at our Guaranteed Ground freight rate (see pg. 270), unless otherwise requested by you.

You pay the freight, so it is your option to ship via air freight if you need your order sooner.

Many overnight, 2-day, and 3-days options are available. Larger letters may have to ship via truck freight. These orders may ship freight collect with a carrier of your choice.

## Why does Gemini send an art approval drawing?

Standard Font Orders:

- Does not fit line length given
- Does not match art provided (Ex. Looks like Helvetica but Helvetica Bold was given)

Custom Cut Acrylic, Formed & Laminate Orders:

- Orders over \$1,500
- Orders with art modification to meet production restrictions
- Orders with unclear details

Custom Cut Metal & Cast Metal Orders:

- Orders over \$1,500
- Orders with art modification to meet production restrictions
- Orders with unclear details
- Labor intense polished, anodized or premium

Others:

- Complicated painted jobs
- 3D proofs (sculpted)
- Orders with any art modification
- All Fabricated, Plaques & UV Print (Giclee)

## What size letters do I need to order?

Below is a letter visibility chart that has been made for you based upon information provided by Pennsylvania Transportation Institute, Penn State University and the United States Sign Council. Please refer to the complete study for additional information. For further details contact the USSC at 1-215-785-1922.

### Letter Visibility Chart

Viewing Distance	Minimum Letter Height
100 ft.	4"
250 ft.	10"
360 ft. (city block)	16"
500 ft.	22"
750 ft.	33"
1000 ft.	43"
1320 ft. (1/4 mile)	57"

## When does Gemini require a deposit on large orders?

A deposit may be considered on any order over \$1,500 upon review of order history, payment history and our overall experience together. Should a deposit be needed a representative from Account Services will personally connect with your Account Payable to discuss a payment arrangement. A 50% deposit is typically requested, while extremely large projects or special situations are often deserving of a customized plan to move the project along. As large order history develops and with promising payment history, deposits often become a thing of the past. Please reach out to our Account Services team with specific deposit questions at 877-702-5559 or [Credit@Gemini-Made.com](mailto:Credit@Gemini-Made.com).

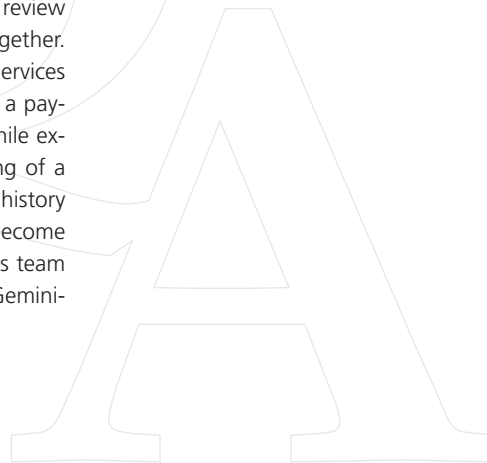

## When can I use double face tape and what does Gemini offer with this mounting method?

Gemini provides a 25mil, high quality, VHB or UHB tape on thin plaques, Flat Cut Acrylic, or Display products. We recommend this installation only on flat, smooth, interior walls. Letters are supplied with either partial or full tape coverage – based on the size. Thin plaques are supplied with strips of tape. Full tape coverage can be supplied for letters - upon request - with an additional fee.

We also recommend using a quality adhesive (construction grade or epoxy) to accompany all tape installations. Be sure to follow all required tape installation steps, especially applying ample pressure to properly set tape.

## Is there a specific sales person I should contact regarding my account?

Any of our Gemini Customer Service team members will be able to assist you with your questions and quote/order requests. Depending on the complexity of the request/question or the product type we have a variety of specialized teams available to partner with you to find the best possible solution or answer to your question.

# Guaranteed Ground Freight\*

## How to calculate freight and all additional charges

Gemini's Guaranteed Ground Freight schedule is a one-rate freight charge that includes all freight and handling for a single order. Please ask a customer service representative if you have any questions. Unless you are subject to a local tax or have COD terms, this is the total amount that will be added to your bill to deliver Gemini products to your door. Sales tax may apply when shipping to the following US states: CA, MN, IA, NV, TX, VA & WA and for COD terms, add \$16.50 to the Guaranteed Ground Freight rate based on your order total.

Gemini only has UPS scheduled pick-ups. An \$8.00 per order pick-up charge is assessed for other specified carriers. An additional day will be added to the delivery date when a specified carrier pick-up is requested due to their requiring a one day advance notice prior to shipment.

If you decide not to use Gemini's Guaranteed Ground Freight, Gemini charges an \$8.00 handling fee per order. If you request to use your own UPS account, it will be used for all UPS shipments.

Total Order Value	Updated Guaranteed Ground Freight
Up to \$25	\$10.99
\$25.01 - \$50.00	\$13.99
\$50.01 - \$150.00	\$21.99
\$150.01 - \$300.00	\$32.99
\$300.01 - \$450.00	\$42.99
\$450.01 - \$800.00	\$59.99
\$800.01 - \$1,200.00	\$79.99
\$1,200.01 - \$1,600.00	\$94.99
\$1,600.01 - \$2,000.00	\$114.99
\$2,000.01 - \$3,500.00	\$169.99
\$3,500.01 - \$5,000.00	\$244.99
Over \$5,000	\$299.99

\* Excludes products with any dimension 70" or greater

## Expedited Freight

Expedited freight is also available but is billed at normal published rates from the point of origin of the Gemini manufacturing location to your delivery destination. Freight estimates are available by contacting Gemini's customer service at 1-800-LETTERS (538-8377).

## Oversize Packaging

Several items in the catalog are noted to be oversized. These items may require special packaging or incur oversize surcharges when shipped via UPS or via truck. Special truck freight requirements, such as lift gates, may also incur additional freight surcharges above the guaranteed ground freight rates.

## Simplify Your Payments

Gemini has a long history of working with sign professionals to provide them with high quality products at the lowest prices. This includes offering the most convenient and seamless payment options that best fit their company. These options include:

- Net Terms – Conveniently pay anytime, 24/7 through our online Payment Portal via ACH or credit card with no additional fees. You can view your invoices, balances and select from several auto-payment options. An approved credit application is required, and invoices are due in 30 days.
- Prepay Terms – The full amount of the order is paid before releasing to production. Payment can be made through the Payment Portal via ACH or credit card 24/7.
- Credit Card Terms – Credit card information is required at the time the order is placed and the funds are reserved immediately for the full order amount. Funds are captured the day after shipping.

### Plastic Blocks to receive studs

Threaded plastic blocks (made with CAB plastic) to receive studs. Glue or solvent bond to plastic letters / logos

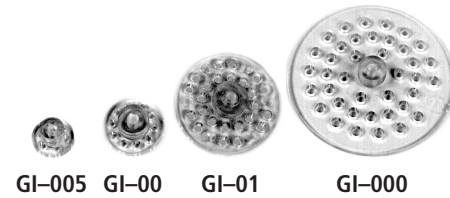

PART NUMBER	DESCRIPTION	EACH	USE WITH	STUD TYPE	STUD OPTIONS
GI-68	¼" Diam. x ¾" Long	\$0.69	6-32 STUDS	ALUMINUM STAINLESS STEEL	1½", 2" 1", 1½", 2", 3"

GI-33	1½" Stud Length	0.86	Formed, I.M., Laser Cut or Display Letters
GI-34	2" Stud Length	0.86	Formed, I.M., Laser Cut or Display Letters

1" DIAMETER PAD WITH STUD

### Decorative Stand-Offs

EACH	UP TO 3/8" MATERIAL	1/2" - 7/8" MATERIAL	1" - 1-1/8" MATERIAL
1/2" DIAMETER 3/4" STANDOFF	\$8.90	\$9.30	\$9.80
1/2" DIAMETER 1-1/2" STANDOFF	11.20	11.90	12.40
1" DIAMETER 3/4" STANDOFF	13.00	13.70	14.30
1" DIAMETER 1-1/2" STANDOFF	16.60	17.60	18.50

½" diameter stand-offs: For use on smaller/lighter panels. #8 screw  
1" diameter stand-offs: For use on small or larger/heavier panels. #10 screw

## Adhesives

We have tested and approved Chem-Calc 1200 or GE RTV108 squeeze tubes of clear silicone, for installing lighter and smaller letters that are mounted with studs and/or pads. Otherwise, always test your adhesive for the installation situation – and use a quality silicone product.

Lighter and smaller parts can be installed with a quality silicone adhesive.

Heavier and larger letters and plaques should be installed with a “stronger” adhesive than Silicone. Always match your adhesive to the mounting surface and product weight. If in doubt, use a stronger industrial adhesive or epoxy – along with appropriate anchors and/or additional structural support.

ITEM	
10 OZ. Silicone caulking tube	\$40.70
2.8 OZ. Silicone squeeze tube	33.70

## Clear Acrylic Strips (Rails)

ITEM	ACRYLIC STRIPS
3/16" x 1-1/2" x 72"	\$36.69

Used for installing plastic letters. Glue (not silicone) letters to strips and install strips on wall. Good for irregular or corrugated surfaces. NOTE: Letters must be ordered “Pad for Rail”.

**Detachable Studs** - Includes a package of 6 with compatible allen wrench

ITEM	DETACHABLE STUDS
SMALL - 6-32 (1/8" diameter stud)	\$33.70
MEDIUM - 10-24 (3/16" diameter stud)	35.40
LARGE - 1/4-20 (1/4" diameter stud)	48.30

## Nuts (aluminum or stainless)

Available for:  
4-40, 6-32, 10-24 & 1/4-20 studs

ITEM	PRICE
3/16" Nuts	\$0.32

## Aluminum Spacers

Aluminum spacers are stocked in three sizes;

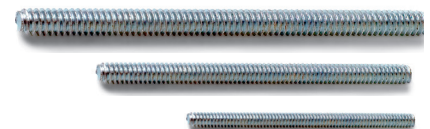

- Large - .275" I.D. (Inside Diameter) for 1/4-20 studs
- Small - .190" I.D. (Inside Diameter) for 10-24 studs
- Slim - .148" I.D. (Inside Diameter) for 6-32 and 4-40 studs; 1" max. length

# PERFECT PATTERN™ - Flat Cut Metal, Flat Cut Acrylic & GemLeaf:

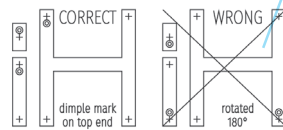

**Digitally precise, durably reliable, expanded application.** Gemini's digital technology now provides a better, more accurate tool for mounting flat-cut metal flat-cut acrylic and GemLeaf™ (coming soon for metal laminates). The mounting patterns are computer-generated and calibrated to production equipment, printed on Tyvek® to provide resistance to tears and the weather, and assure perfect alignment and exact drill hole locations. These exact hole locations are saved and easily replicated for replacement letters or repeat orders.

Improve your installation experience and ensure the look of each finished sign, with Perfect Pattern from Gemini — your guide to a perfect installation, every time.

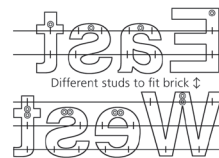

**Center Line Alignment**  
Patterns are aligned with horizontal and vertical lines from the center making installation more reliable.

**Stud Sizing Guide**  
The stud sizing guide provides recommendations for proper drill bits depending on determined stud size.

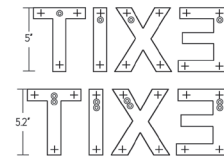

**Top/Bottom Orientation**  
Dimples are marked on the back to help identify proper orientation.

**Placement/Sizing Indicators**

Dimples can also indicate the line a character belongs to, as well as differentiate similar size letters which will have different stud placements.

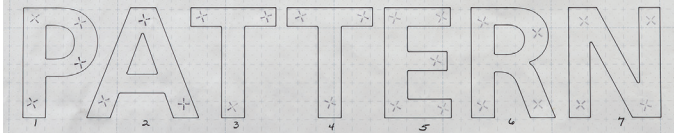

## Features and Benefits

- Precise drill locations marked, along with recommended drill bit size
- Identical letters are interchangeable
- Printed on weather-resistant Tyvek for no smudging, no tearing
- Printed legend with instructions
- Ability to produce and install replacement letters, with no extra drilling
- Ability to pre-order a pattern allowing pre-work for large scope installations

## Drawings & Guides

**DRILL PATTERN:** (for all other stud mounted products) Computer-generated tracing of letters with hand punched hole locations of studs, printed on 60# white grid paper. Once taped to wall, hole locations are then drilled and filled with adhesive.

### NEW RIGID STENCIL GUIDES:

**Stencil** is a computer generated, full size cutout, designed for smaller letters, logos or bars. Typically used to install double face tape letters. Guide is taped to wall, letters are set inside cutout and adhered to wall. Gemini layout team will determine if Stencil or Split Stencil is best for your order.

**NEW Rigid Split Stencil** is a computer generated, partial cutout of bottom portion of the letters above the baseline, plus 2" below the baseline that provides a perfect way to install plain, pad or double face tape flat cut out letters. This split stencil is generated using the same file that we use to produce your letters. Gemini layout team will determine if Stencil or Split Stencil is best for your order.

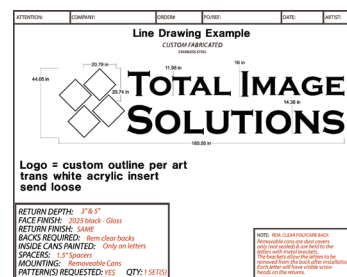

### SPACING GUIDE:

A visual reference guide, typically used for pad mounted letters. The letters in a specific copy are spelled out and properly spaced on a long pattern table or computer generated. A narrow (approximately 2") piece of paper contains small hash marks or plotted lower portions of the letters. Guide is secured to the wall with tape, by the installer, and provides a visual guide for installing letters.

### LINE DRAWING:

An 8-1/2" x 11" drawing, showing the letter style and copy desired. A description of the style, size and material will be provided on the drawing. The drawing also gives an approximate line length.

# Mounting Methods & Drawing / Guide Overview

Get the whole story on mounting. Talk to Gemini.

This chart is an overview of many popular mounting styles from Gemini. But for your challenging applications and technical questions, call or email our sales office. In addition, production drawings for over 70 different mounting styles, and numerous installation resources.
