*“LIFE IS ONE BIG ROAD
WITH LOTS OF SIGNS.”*

- BOB MARLEY

Established in 1998, and founded by master engineer, and artist, Tim Brown (creator of the original sign frame), 4EVER Products is a purveyor and builder of hand-made, high quality custom sign systems.

At its beginnings, 4EVER Products filled a void in the sign industry by offering immediate turn-around on a high quality, easy to use product. The vinyl sign system quickly grew into an industry standard.

In 2009, 4Ever Products was acquired by Proveli. The new capital investments and technologies strengthened the product line and further cemented the company's position as the industry leader. 4EVER Products has been able to meet and

exceed the evolving needs of modern consumers by adding additional products, as well as developing many custom accessories.

We are lovers of our trade and craft. We take great care and caution into hand picking and hand crafting the most sustainable products in our industry and always have our eyes on the future.

We work hard to find the best talent to join our team and work equally hard to provide a challenging and rewarding environment to motivate and bring out the best in them. We make sure to cultivate a product and a work culture that is reliable, built to last, supportive, self-starting, and positive.

98% of our products ship same day

Innovation

Listening to our customers so we can develop the right products and deliver them to our customers when they need them.

Quality

Our products are crafted from the highest quality materials using state of the art equipment. It is our dedication to always provide the finest product at the most affordable price possible.

Customer Service

Our team is here to support you before and after the sale. We will answer the phone and treat our customers with the utmost respect.

Short Lead Times

A key measurement of our company is lead time. We have worked hard to continually shorten the cycle and ship 98% of our products same day.

VINYL STANDARD FRAME

available in white and khaki

Our Standard Vinyl Sign Frame is both architecturally pleasing and long lasting at an affordable price point. We fabricate each sign frame to your specifications.

- (2) 4" x 4" x 8' Structural Grade Vinyl Posts
- (2) Standard Flat Caps
- Top rail with aluminum insert for reinforcement
- All necessary hardware
- Standard and Custom Sizes Available
- Substrate not included

available caps

VINYL DELUXE FRAME

available in white and khaki

Our Deluxe Frame is engineered to withstand the most severe weather conditions of all our systems. We use commercial grade vinyl, stainless steel hardware, and aluminum extrusions in both rails for added strength and wind load capacity. Our design allows for fast and simple assembly.

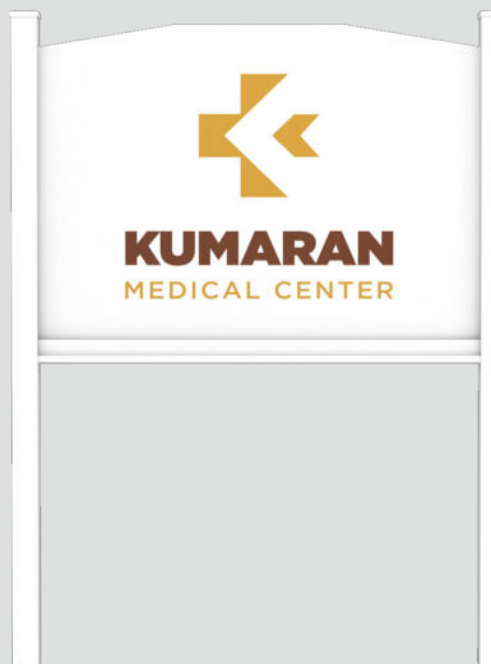

- (2) 4" x 4" x 8' Vinyl Sign Posts
- (2) Standard Flat Caps
- (2) Rails reinforced with Aluminum for long lasting durability
- All necessary hardware
- Substrate not included

available caps

VINYL SINGLE RAIL FRAME

available in white and khaki

Our Vinyl Single Rail Frame system is designed to accommodate your substrate with one bottom rail. This allows for the use of a contoured design at the top of the panel. We use our patent pending retainer block system to hold the top of the substrate into the post.

- (2) 4" x 4" x 8' Vinyl Sign Posts
- (1) Bottom Rail with Aluminum Insert
- (2) Standard Flat Caps
- (2) Patent Pending Substrate Retaining Blocks
- All necessary hardware
- Substrate not included

available caps

VINYL BUDGET FRAME

available in white and khaki

Our Budget Vinyl Sign Frame was designed as a permanent solution at an affordable price point. The Budget Frame is engineered to meet the requirements of a durable frame system. Our patent pending retaining block system holds the sign firmly in place and is completely internal to give a clean appearance.

- (2) 4" x 4" x 8' Vinyl Sign Posts
- (2) Standard Flat
- (4) Patent Pending Substrate Retaining Blocks
- All necessary hardware
- Custom Sizes Available

available caps

VINYL MULTI-PANEL FRAME

available in white and khaki

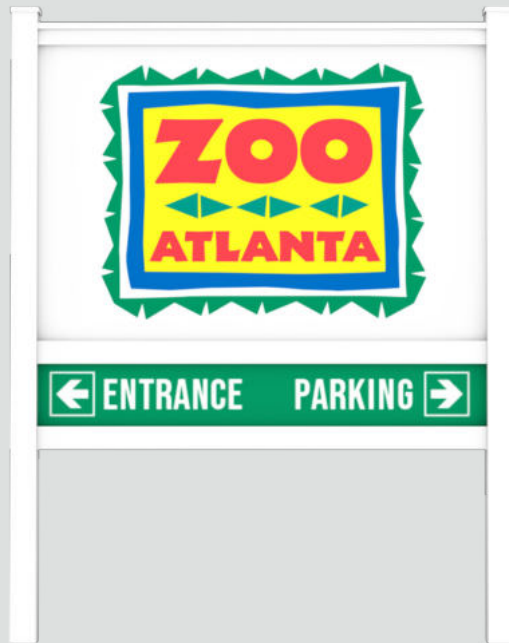

Our Multi-Panel Vinyl Frame is engineered to hold more than one substrate depending upon panel height and post length.

- (2) 4" x 4" x 8' Vinyl Sign Posts
- (2) Standard Flat Caps
- (1) Top Rail with Aluminum Support
- (1) Bottom Rails
- Mid Rails Available depending on number of panels
- All necessary hardware
- Custom Sizes Available
- Substrate not included

VINYL & ALUMINUM SAMPLES

Vinyl

Close-up

Aluminum

Close-up

Table top sample for use with a 15" high x 19" wide substrate 6MM thick. This product is perfect for showing customers how the system works and the quality in which it is constructed. Our display frame is just the right size to throw in the car and take to a meeting or set up in your showroom. These samples are available individually or in a combo pack.

GOLF PANEL SIGN FRAME SYSTEM

available in white and khaki  

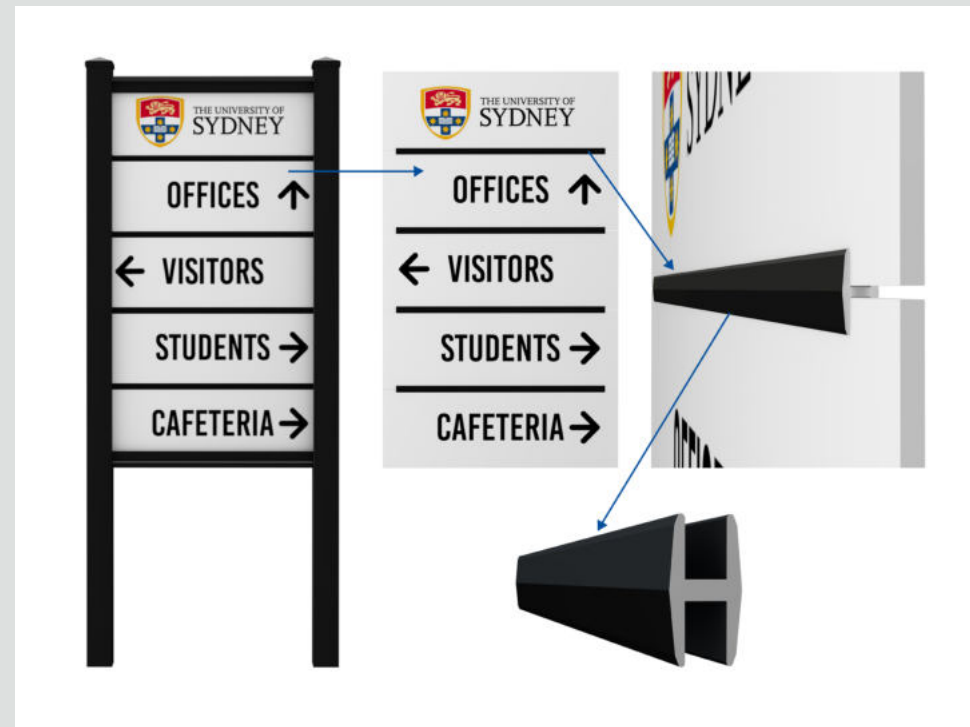

Our Golf Panel Frame System is the perfect fit for advertising at different events. It includes 4 Power Stakes so that the system is portable and easy to install. This system can be configured in a multiple of different ways to meet the marketing needs of almost any event.

available caps

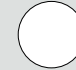

TENANT SIGN DIVIDER

available in multiple colors     

If you are looking to create an affordable solution for signs with multiple panels, our *Tenant Sign Divider* is the way to go. Our dividers slide between your 6MM or 1/4" panels to create seamless look. If a tenant changes, replacing the panel is a breeze.

VINYL STREET SIGNS

available in white 

Our Street Signs are designed to be long lasting, affordable, and attractive. These systems utilize quality materials and workmanship to insure a product that any community can be proud of. Our two-arm system comes with six inch high arms that can be lettered with vinyl or have a street plate attached. We also offer a variety of informational sign posts in different shapes and sizes.

Stop Sign

Single Blade

- Stop-Sign Combos (Single or Double Blades available)
- Informational Signage Posts Also Available
- Various Cap Styles to choose from
- Optional bases available
- All hardware included

available caps

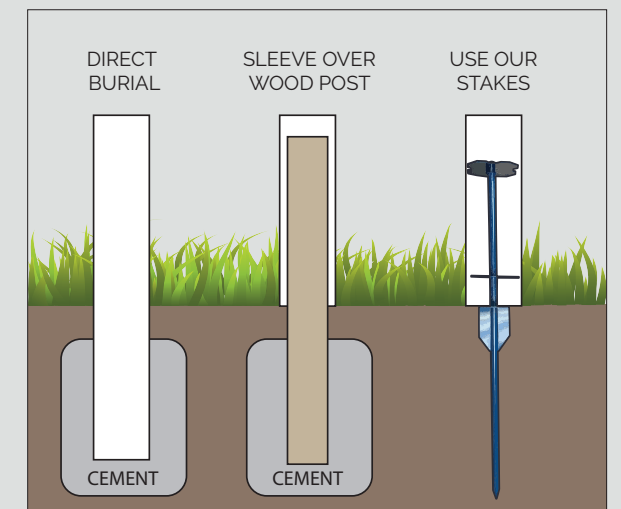

Care and Installation

Wash vinyl products with a soft cloth or long handled soft bristle brush (similar to what you would use on your vehicle).

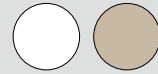

- If the stain is difficult to remove, wipe down with one cup of Simple Green® or equivalent mixed with one gallon of water. The solution can be put in a spray bottle, sprayed on and wiped off quickly with a soft cloth. You can also mix 1/3 cup mild detergent such as Tide® or equivalent, 2/3 cup household cleaner such as Spic & Span® or equivalent with one gallon of water. Rinse all cleaners with water before they dry.
- Follow the precautionary instructions on the container label. Protect all vegetation from direct contact with the cleaning agent.

- 1 The top rated method is using direct burial. The posts would need to be buried into the ground at least 2' and stabilized with cement.
- 2 The second method would be to use wooden 4x4s to reinforce the posts. We recommend leaving a space of 12" in between the bottom vinyl rail and the top of the wooden post.
- 3 The third method is using the Ground Breaker Stake. This stake system is recommended for a short term installation or a sign that will be moved around.

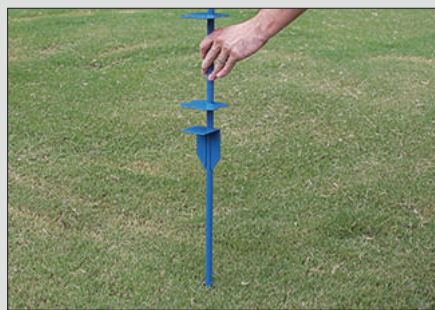

VINYL REAL ESTATE POSTS
